Front Matter
The Ohio Journal of Science considers original contributions from members and non-members of the Academy. Special consideration will be given to short papers and to Ohioana. All manuscripts will be critically reviewed and are subject to the approval of the Editorial Committee. It should be understood that the opinions expressed by the reviewers are their own, and do not represent the views of the Ohio Academy of Science or Ohio Journal of Science. Manuscripts and illustrations should be prepared in triplicate and submitted to the Editor, Ohio Journal of Science, Department of Physiology, Ohio State University, 1645 Neil Avenue, Columbus, Ohio 43210.

Editorial Charges: Publication in the Ohio Journal of Science requires consideration of editorial costs. These will be assessed at $35 per page for the first 12 printed pages and $95 per page (full production costs) for each page in excess of 12. Members of the Ohio Academy of Science, however, will have a non-accumulative credit of 3 free pages per volume. In multi-authored papers, each author must be a member of the Ohio Academy of Science at the time of publication to be eligible for page credit. Brief Notes that include illustrations are subject to the cost of preparing the figures for publication.

Subscriptions: Annual dues of active members of the Ohio Academy of Science include a subscription to the Ohio Journal of Science. Regular annual subscription to the Ohio Journal of Science is $18 (outside the continental United States—$19.50). Single issues for Academy members are $3 each, for non-members, $3.50. Discounts are available for bulk subscriptions. The Ohio Journal of Science is issued in Jan., Mar., Apr., May, July, Sept., and Nov.

Business Office: Payments should be made to the Ohio Academy of Science, 445 King Avenue, Columbus, Ohio 43201; Telephone: (614) 424-6045. Failure to receive any number of the Journal must be reported to the Ohio Academy of Science within six months of the date of issue for the claim to be recognized. Correspondence dealing with matters of business policy should be addressed to the Business Manager, Joseph D. Laufersweiler, Department of Biology, University of Dayton, Dayton, Ohio 45409.

ERRATA

The figure magnification in the article Variation and predation of the Pennsylvanian gastropod Microdoma conicum Meek and Worthen, Ohio Journal of Science 80: 59, 1980 should be x10 not x1.

The final sentence of the abstract for the paper by D. A. Evans and E. F. Paddock in the Ohio Journal of Science 80: 122, 1980 should read, “Water at 47 °C applied to dormant seeds for 2 hr before sowing modified Opp, but seed storage for 2 years had no noticeable effect on the frequency of Opp.”
