CALL FOR PAPERS

105th Annual Meeting
May 3-5, 1996
The Ohio Academy of Science

To be hosted by
Malone College
Canton

Poster and Podium Presentations on Saturday, May 4, 1996

Abstract deadline: Postmarked by December 1, 1995

For abstract forms
or further information call or write:
The Ohio Academy of Science
P.O. Box 12519
Columbus, OH 43212-0519
Phone or FAX (614) 488-2228
THE OHIO JOURNAL OF SCIENCE considers for publication submissions of the following nature:

1. Solicited Submissions - Book Reviews, Research Reviews.
2. Unsolicited Submissions - Brief Notes, Research Reports.

Solicited submissions will be requested by the editor in the subject matter of the book to be reviewed. The approximate length will be 750 words, and the text will include a brief description of the subject matter addressed by the volume, its outstanding strong points, and any obvious weaknesses. Research Reviews will be requested to serve as extensive surveys of the literature of an area of science in which Academy members have an interest. In unsolicited reviews, will comprise five to ten printed pages. Organization and format of solicited material will be determined by the author(s) and the editorial staff.

Unsolicited submissions, in the form of presentations of quantitative or qualitative data pertinent to any of the sections of the Academy listed inside the front cover, will be considered for peer review. Brief Notes are manuscripts which will be published on less than two printed pages (i.e., less than six pages of typescript) and will contain no more than one piece of illustrative material (i.e., table, figure, or other illustrations). The editor will identify papers which meet these criteria as Brief Notes if not so categorized by authors. Research Reports are papers which will extend beyond two printed pages and which will contain two or more pieces of illustrative material. Regardless of the length of manuscript, unsolicited submissions should be organized according to the following format:

Page 1 - Title, Author(s), Affiliation(s), Abstract
Page 2 and the remainder - Body of the paper in the order: Introduction, Materials and Methods, Results, Discussion, Acknowledgements

LITERATURE CITED. References to scientific literature should be arranged alphabetically by first author's last name according to the following examples:

ABBREVIATIONS. Abbreviation of journal titles should be supplied by the author, and should follow the CBE Style Manual form. References in the text are of the form Patterson (1940) or Patterson 1940. If more than two authors appear, the form should be Patterson et al. (1940), with all authors listed in the Literature Cited section.

TABLES. Tables must be typewritten, single spaced, double spaced, or 1.5 spaced and double spaced respectively, presenting data in the form of tables. Appropriate references should be cited in the text. The table is considered as part of the manuscript and will be treated as such. Tables should be numbered sequentially. Each table should be on a separate page and be placed near the end of the manuscript.

FIGURE LEGENDS. Each figure must have a complete legend even though the material is described in the text. The legends should be typed in order, double spaced, on a separate sheet which precedes the figures in the manuscript. Title, author, and date of publication should be included in the legend.

FOOTNOTES. Text footnotes should not be used with the following exceptions. A footnote to the title will be added editorially to state the date of manuscript submission and revision. A footnote to name(s) of author(s) may be used to indicate a present address different from that at which the research was done, or to indicate the author to whom inquiries should be directed. Any other material or comments must be incorporated into the text. In no case should literature citations be inserted as footnotes. They must be listed in the Literature Cited section. Footnotes to tables are permissible, and are encouraged to provide clarity.

Attention to the above instructions will minimize the need for revision and editorial correction, and will shorten the time from submission to publication. Any questions which are not answered by these instructions, by examining papers in recent issues of THE OHIO JOURNAL OF SCIENCE, or by the CBE Style Manual, 5th ed., should be addressed to the editor.
ACCESSING STATE ACADEMY OF SCIENCE ABSTRACTS
JUST BECAME AS EASY AS 1-2-3!

1 PROVIDES AN EASY-ACCESS VEHICLE FOR THE PROMOTION OF STATE ACADEMY OF SCIENCE JOURNALS

At no cost to your academy of science, other than the contribution of journals, this database provides a medium for the communication of Academy of Science members throughout the world. For the first time, credibility is provided to all science-related research published in State Academy of Science journals. Increased recognition will encourage the submission of manuscripts for publication and aid in the recruitment of new academy members. A better visibility of State Academies of Science can be expected to increase demand for your journals by libraries and government agencies.

2 COVERS A WIDE VARIETY OF DISCIPLINES... CONVENIENTLY AND AFFORDABLY

The research contained in State Academies of Science Abstracts™ on CD-ROM is highly diverse, with topics ranging from primarily regional interest to those of international concern. The disciplines covered include agriculture, anthropology, archaeology, astronomy, biology, biotechnology, botany, chemistry, computer science, conservation, earth science, engineering, environment, science, genetics, geography, health, mathematics, medicine, microbiology, oceanography, physics, psychology, science education, social science, and zoology.

3 THE BEST SOURCE OF INFORMATION AVAILABLE COVERING RESEARCH OF STATE ACADEMIES OF SCIENCE

State Academies of Science Abstracts™ on CD-ROM is the most complete and reliable index containing abstracts of State Academy of Science papers and conference proceedings. It offers researchers a unique opportunity to explore particular geographical areas of the nation, making State Academies of Science Abstracts™ an important source of studies encompassing all regions of the Continental U.S.

Call (304)696-6742 for information.

☐ Please send additional information regarding State Academies of Science Abstracts on CD-ROM.

☐ Please enter my order for State Academies of Science Abstracts on CD-ROM. Domestic Rate $249.00 per library or government office (no user limit within*). WV non-exempt institutions include 6% sales tax.
