The Franklin Asphalt Paving Co.

310 Comstock Bldg.,

208 South High Street
Columbus - - - - Ohio
HOW “CATALOGUE STUDIES” CAN HELP YOU

We wish to call the technical student’s attention to Volume 14 of “Catalogue Studies”—available in your college library or engineering department—in which are bound some of the Hercules Powder Company’s contributions to the technology of blasting.

Each of these booklets provides clearly-presented, practical information on how to use explosives effectively and economically. These publications have been of great help to many men in the field and are carefully preserved by them for ready reference. By becoming acquainted with this material, you will acquire information that may be of great value to you in your profession and which many engineers do not get until faced with the actual need. Should you wish separate copies of any of the booklets listed above, write to the Hercules Powder Company, 941 King Street, Wilmington, Delaware.
