Dayton-Area Restaurants on Brown Street

Listed below are some of the restaurants located on Brown Street on the west side of UD in the Dayton area. A ** indicates a restaurant within walking distance of the UD campus. A more complete list of restaurants is posted at: http://www.udayton.edu/~ku/conference/Dayton_Restaurants.doc

**Breakfast**

- Panera Bread, 223-6700**, 1203 Brown Street
- Waffle House, 294-9709, 4912 Springboro Pike

**Family Dining**

- Panera Bread, 223-6700**, 1203 Brown Street

**Fast Food**

- Burger King, 222-0151**, 1129 Brown Street
- Jimmy John’s, 226-2600**, 1157 Brown Street

**Fine Dining**

- Kentucky Fried Chicken, 461-6721**1027 Brown Street
- Lee’s Famous Recipe Chicken, 461-0200**, 1144 Brown Street
- Penn Station, 223-7366**, 1159 Brown Street
- Submarine House, 222-7939**1137 Brown Street
- Taco Bell, 461-9568**, 1000 Brown Street

**Mexican**

- Chipotle, 222-2238**, 1211 Brown Street

**Additional Offerings**

- Ben & Jerry's Ice Cream, 461-1888**, 1934 Brown Street
- Buffalo Wild Wings, 222-9464**, 1900 Brown Street
- Hickory BBQ, 228-5252**, 1082 Brown Street
- Milano’s Subs & Pizza, 222-7072**, 1820 Brown Street
- Thai Nine, 222-3227*, 11 Brown St. Dayton (Oregon District)

**Pizza**

- Cassano’s, 223-7369*, 1043 Brown Street
- Dewey’s, 223-0000**, 131 Jasper St. (Off of Brown)

**Coffee**

- Starbucks Coffee, 223-2400**, 1134 Brown Street
THE OHIO ACADEMY OF SCIENCE
Registration Form
115th Annual Meeting
April 21-22-23, 2006
Hosted by University of Dayton
Advance registration must be received by April 10, 2006
ALL MEETING ATTENDEES MUST REGISTER: Access to sessions by name tag only. Name tag, information packet and receipt will be available at the meeting. Please return the completed registration form along with the appropriate fees to the address printed below.

STUDENTS, SPOUSES, OR RELATIVES: A special discount schedule has been approved to promote and encourage participation of undergraduates, pre-college students, non-science spouses or relatives. All students, non-science spouses, parents or relatives must register using a separate form. This registration does not include membership or meals.

Each person must use a SEPARATE REGISTRATION FORM
Please copy this form as needed.

PLEASE PRINT OR TYPE
Circle: Ms. Mrs. Mr. Dr.
Name ____________________________________________
First Middle Last
Job Title __________________________________________
School, Organization, Agency, Institution, or Employer __________________________________________

Is the following a home address? __ Yes __ No
Students MUST use home, dorm or apartment address.

The Ohio Academy of Science
PO Box 12519
Columbus OH 43212-0519
FAX 614/488-7629

Registration Fees
Please check appropriate categories. One fee covers the entire meeting. Payment must be received by April 10, 2006 to avoid higher rates. On-site registration will be accepted at the higher rate by credit card or check only. ONLY first authors have pre-paid registration when they submitted their abstracts and DO NOT NEED to return this form. First authors are already registered for the meeting.

PREREGISTRATION DEADLINE: April 10, 2006
Author's Instructions for Preparation of Manuscripts

The Ohio Journal of Science considers for publication solicited Book Reviews and Research Reviews, and unsolicited Brief Notes and Research Reports. Solicited submissions will be requested by the editor or member of the editorial board. Book reviews will be requested of experts in the subject matter of the book to be reviewed. Research Reviews will be requested to serve as extensive surveys of the literature of an area of science in which Academy members have an interest.

Unsolicited submissions, in the form of presentations of quantitative or qualitative data pertinent to any of the divisions of the Academy listed inside the front cover, will be considered for peer review. Brief notes are manuscripts that are less than 2 printed pages (approximately 6 typed pages) and contain no more than one table, figure or other type of illustration. The editor. The title papers which meet these criteria as Brief Notes if not already categorized as such by the author. Research Reports are those papers which are longer than 2 pages or contain more than one illustration.

All manuscripts will be organized as follows:

Page 1  Title, Author(s), Running Head, Abstract
Page 2 and remainder

- Introduction,
- Materials and Methods,
- Results,
- Discussion,
- Acknowledgments,
- Literature Cited,
- Tables, Figure Legends,
- Figures.

STYLE. The CBE Manual for Authors, Editors, and Publishers, 6th ed. is used for editorial decisions with regard to style. Manuscripts should be typewritten using 1 inch margins on 8.5 x 11 inch paper. Text should be left-justified using elite print (twelve characters per inch). Three copies should be submitted. Manuscript should be double-spaced throughout, including the title and abstract. Arabic numerals should be used in preference to words when the number designates anything that can be counted or measured (7 samples, 43 species). One exception to this use is that numerals are not used to begin a sentence (Twenty-one species were found in . . .). The 2nd exception is when 2 numeric expressions are adjacent in a sentence.

TITLE, AUTHOR(S), AFFILIATION(S). The first page of the manuscript should contain the title, author(s) name(s), the affiliation of the author(s) at the time the research was carried out, a shortened title (running head), and the abstract. The title must be typed in upper and lower case letters as it will appear when typeset. Name(s) of the author(s) should be typed in capital letters below the title. The address (department, institution, city, state, postal code, country if not USA) should appear below the name of the author(s). If more than one institution is to be credited, they should appear in the order of the authors' affiliation. A running head of not more than 38 letters should be submitted. Manuscript should be double-spaced throughout, and placed in the manuscript after Literature Cited. Since tables must be individually typeset, consolidation of data into the smallest number of tables is encouraged. A horizontal double underline should be made beneath the title of the table, and single underscores should be made the width of the table below the column headings and at the bottom of the table. Do not use vertical lines, and do not place horizontal lines in the interior of the table. Footnotes should be used to clarify possible questions within the table, and should be noted by asterisks, daggers, or other symbols to avoid confusion with numerical data.

FIGURES. All illustrations are referred to as “Figures” and must be numbered consecutively. Figures may be photographs, hand-drawn or computer generated drawings in black ink. Each figure should be identified along the top edge with the name of the author(s) and figure number, and on the back with name of author(s) and manuscript title. Illustrations other than those generated by the author(s) must be submitted with permission for use and credit to the originator. ORIGINAL ARTWORK WILL NOT BE RETURNED UNLESS SPECIFICALLY REQUESTED AT TIME OF SUBMISSION. Each figure must have a complete legend. The legend should be addressed to the editor. Footnotes should be referred to parenthetically in the text, for example (Fig. 1). The size and proportion of each illustration should be suitable for reduction. Excessive white space should be avoided. Illustrations will be reduced to one column width (3 and 3/8 inches) or two column width (7 inches) at the discretion of the editor. Letting should be done of a size to ensure that it can be reduced after reduction. Maps and other illustrations where original size is a concern, a graphic scale should be incorporated into the figure.

FOOTNOTES. Text footnotes should not be used with the following exceptions. A footnote to the title will be added editorially to state the dates of manuscript submission and revision. A footnote to name(s) of author(s) may be used to indicate present address different from that at which the research was done, or to indicate the author to whom inquiries should be directed. All other material or comments must be incorporated into the text. Literature Cited should not be inserted as footnotes. Footnotes to tables are permissible, and are encouraged to promote clarity.

Attention to the above instructions will minimize the need for revision and editorial correction, and will shorten the time from submission to publication. Any questions which are not answered by these instructions, or by consulting the CBE: Manual for Authors, Editors, and Publishers, 6th Edition, should be addressed to the editor.

The Ohio Journal of Science, Dr. KERRY L. CHEESEMAN, Editor Biological Sciences Department, Battelle Hall, Capital University 1 College and Main, Columbus, OH 43209-2394 Phone 614-236-6951 (office) or 614-236-6520 (secretary) Fax 614-236-6518 Email OJSeditor@capital.edu

Manuscript submission guidelines http://www.ohiosci.org/ojsinstr.htm
F.T. Stone Laboratory, The Ohio State University’s Island Campus on Lake Erie, offers over 30 college credit courses to undergraduate and graduate students, educators, and outstanding high school students every summer.

Learn how you can earn one to five science credits in just a few weeks at STONE LABORATORY.

STONE LABORATORY’S SUMMER 2006 COURSE OFFERINGS

**Introductory Courses**
Open to college and select high school students. To qualify, high school students must have completed their sophomore year, be 15 years of age or older, and have completed one course of high school biology prior to the beginning of the course.

**One Week: 3 quarter credits; classes meet daily**
- Aquatic Biology (offered three times) (July 2-8, July 23-29, July 30-Aug. 5)
- Field-Based Oceanography (June 25-July 1)
- Insect Biology (June 18-24)
- Lake Erie Sport Fishing (June 11-17)
- Study of Birds (June 11-17)

**Courses for Educators**
Open to educators and education majors with junior rank or above by summer 2006.

**One Week: 3 quarter credits; classes meet daily**
- Curriculum Development & Evaluation for Great Lakes and Environmental Education (June 18-24)
- Earth Systems Education (July 16-22)
- Field Ecology (June 11-17)
- Geologic Setting of Lake Erie (July 15-21)
- Insect Biology for Teachers (July 23-29)
- Local Flora for Teachers (July 9-15)
- Marine and Aquatic Education (June 11-17)
- Ornithology for Teachers (June 25-July 1)
- Principles of Oceanography for Science Teachers (July 2-8)
- Stream Ecology for Teachers (July 9-15)

**Upper-Level Courses**
Open to undergraduate and graduate students, professional biologists and ecologists, and biology and general science teachers.

**Term 1: Five Weeks (June 18–July 19)**
- 5 quarter credits; classes meet three days a week
  - Field Zoology
  - Ichthyology
  - Introduction to Ecology
  - Natural History of Ohio

**Term 2: Five Weeks (July 20–August 19)**
- 5 quarter credits; classes meet three days a week
  - Aquatic and Wetland Flora
  - Evolution
  - Fish Ecology
  - Limnology

**One-Week: 3 quarter credits; classes meet daily**
- Biocomplexity: Large Lake–Human Interactions (Aug. 6-12)
- Ecology and Management of Wetland Birds (July 9-15)
- Field Ecology (June 11-17)
- Individual Studies in Herpetology (June 11-17)

**1–13 Days**
- Current Topics in Environment & Engineering
  - 1 quarter credit; 7–8 evening seminars (June 15-Aug. 17)
- Diagnostic Field Plant Pathology
  - 3 quarter credits (Aug. 13-23)
- Experimental Design in Ecology and Natural Resources Management
  - 5 quarter credits (July 30-Aug. 11)
- Ichthyoplankton Identification Workshop
