Author’s Instructions for Preparation of Manuscripts

The Ohio Journal of Science considers for publication solicited Book Reviews and Research Reviews, and unsolicited Brief Notes and Research Reports. Solicited submissions will be requested by the editor or member of the editorial board. Book reviews will be requested of experts in the subject matter of the book to be reviewed. Research Reviews will be requested to serve as extensive surveys of the literature of an area of science in which Academy members have an interest.

Unsolicited submissions, in the form of presentations of quantitative or qualitative data pertinent to any of the divisions of the Academy listed inside the front cover, will be considered for peer review. Brief notes are manuscripts that are less than 2 printed pages (approximately 6 typed pages) and contain no more than one table, figure or other type of illustration. Manuscripts should be double spaced throughout, including the title and abstract. Arabic numerals should be used in preference to words when the number designates anything that can be counted or measured (7 samples, 43 species). One exception to this use is that numerals are not used to begin a sentence. Twenty-one species were found in . . . . The 2nd exception is when 2 numeric expressions are adjacent in a sentence. The number easiest to express in words should be spelled out and the other left in numeric form (The sections were divided into eight 4-acre plots).

TITLE, AUTHOR(S), AFFILIATION(S). The first page of the manuscript should contain the title, author(s) name(s), the affiliation of the author(s) at the time the research was carried out, a shortened title (running head), and the abstract. The title must be typed in upper and lower case letters as it will appear when typeset. Name(s) of the author(s) should be typed in capital letters below the title. The address (department, institution, city, state, postal code, country if not USA) should appear below the name of the author(s). If more than one institution is to be credited, they should appear in the order of the authors’ affiliation. A running head of not more than 38 letters and spaces should be typed in capital letters between the address and the abstract.

ABSTRACT. The abstract should summarize the main conclusions and any new methods or procedures critical to the results of the study. It should be 250 words or fewer.

INTRODUCTION. The introduction should describe the knowledge that gave rise to the question examined by, or the hypothesis posed for the research.

MATERIALS AND METHODS. This section should describe the research design, the methods and materials used in the research (subjects, their selection, equipment, laboratory or field procedures), and how the findings were analyzed.

RESULTS. The text of the results should be a descriptive narrative of the main findings, of the reported study. This section should not list tabulated data in text form. Reference to tables and figures included in this section should be made parenthetically in the text.

DISCUSSION. This section should compare and contrast the data collected in the presented study with that previously reported in the literature. Unless there are specific reasons to combine the two, as explained by the author in the letter of transmittal, Results and Discussion should be two separate sections.

ACKNOWLEDGMENTS. Colleagues and/or sources of financial support to whom thanks are due for assistance rendered in completion of the research or preparation of the manuscript should be recognized in this section rather than in the body of the text.

LITERATURE CITED. References to scientific literature should be arranged alphabetically by first author’s last name using the Name/Year (N-Y) method as described in the CBE Manual.

Manuscript Processing
The Ohio Journal of Science
1500 W Third Ave Ste 228
Columbus OH 43212-2817

Phone: 614-488-2228
Fax: 614-488-7629
oas@iwaynet.net

Authors must bear permission for use and credit to the originator. ORIGINAL ARTWORK WILL NOT BE RETURNED UNLESS SPECIFICALLY REQUESTED AT TIME OF SUBMISSION. Each figure must have a complete legend. The legend should not be placed on the figure, but should be typed in order, double-spaced, on a separate sheet which precedes the figures in the manuscript. Figures should be referred to parenthetically in the text, for example (Fig. 1). The size and proportion of each illustration should be suitable for reduction. Excessive white space should be avoided. Illustrations will be reduced to one column width (3 and 3/8 inches) or two column width (7 inches) at the discretion of the editor. Lettering should be done of a size to ensure that it can be read after reduction. On maps and other illustrations where original size is a concern, a graphic scale should be incorporated into the figure.

FOOTNOTES. Text footnotes should not be used with the following exceptions. A footnote to the title will be added editorially to state the dates of manuscript submission and revision. A footnote to name(s) of author(s) may be used to indicate present address different from that at which the research was done, or to indicate the author to whom inquiries should be directed. All other material or comments must be incorporated into the text. Literature Cited should not be inserted as foot-notes. Footnotes to tables are permissible, and are encouraged to promote clarity.

Attention to the above instructions will minimize the need for revision and editorial correction, and will shorten the time from submission to publication. Any questions which are not answered by these instructions, or by consulting the CBE Manual for Authors, Editors, and Publishers, 7th Edition, should be addressed to the editor.

After consulting the manuscript preparation guidelines at http://www.ohiosci.org/ojinstltem, please submit all materials to:

Phone: 614-488-2228
Fax: 614-488-7629

Introductory Courses for All Majors
Open to college and advanced high school students.
1-week courses, 3 quarter credits
- ENR 230: Ecology and Conservation of Birds (June 12–18)
- EDU PAES 140.05: Lake Erie Sport Fishing (June 12–18)
- EARTHSCI 107: Field-Based Introduction to Oceanography (July 3–9)
- ENTOMOL 126: Introductory Insect Biology (July 31–August 6)
- EEOB 125: Introductory Aquatic Biology (July 10–16, or July 24–30, or August 7–13)

Science Courses for Educators
Open to classroom teachers and education majors with a junior rank or above by summer 2011.
1-week courses, 3 quarter credits
- ENR 690: Climate Change Education (June 19–25)
- EARTHSCI 584: Principles of Oceanography for Educators (June 26–July 2)
- EEOB 513: Field Ecology (July 24–30)
- EARTHSCI 583.03: Geologic Setting of Lake Erie (July 30–August 5)

Non-Credit Workshops
Open to the public and college students as non-credit courses. Participants must be at least 18 years of age. See website for workshops that may be taken for 1 quarter credit.
- Lake Erie Sport Fishing (June 10–12)
- Outdoor Photography Workshop (Date TBD)
- Algae Identification (August 1–2 or August 3–4)
- Dealing with Cyanobacteria, Algal Toxins and Taste & Odor Compounds (August 8–9)
- Fish-Sampling Techniques (October 8–9)

Upper-Level Courses
Open to college students in biological sciences, education, and natural resources, as well as to science teachers. See website for courses that may be taken for graduate credit.
1-week courses, 3 quarter credits
- EEOB 622: Field Herpetology (June 12–18)
- EEOB 513: Field Ecology (July 24–30)
1-day course, 1 quarter credit
- EEOB 692: Ichthyoplankton Identification Workshop (June 26)
2-day course, 1 quarter credit
- EEOB 692: Algae Identification Workshop (August 1–2 or August 3–4)
5-week courses, 5 quarter credits
Term 1: June 19–July 20
- EEOB 400: Evolution
- EEOB 503.03 Introduction to Ecology, 6 credits
- EEOB 621: Ichthyology
- EEOB 651: Field Zoology
- ENR 799: Current Topics in Environment and Engineering, 1 credit (Three Thursday evening seminars)
Term 2: July 21–August 20
- EEOB 652: Limnology
- ENTOMOL 612: Aquatic Entomology
- ENR 799: Current Topics in Environment and Engineering, 1 credit (Three Thursday evening seminars)
