
MEETING OF THE BIOLOGICAL CLUB.

ORTON HALL, June 4, 1906.

The Club was called to order by the President, Mr. Griggs. The minutes of the previous meeting were read and approved.

Prof. Hine gave a brief talk on "The Mammals of Ohio". He dwelt in particular on those species which have been reported as extinct; but which still persist in isolated localities, or wander in from time to time.

Prof. Kellerman showed a large number of fine views of Guatemala.

Owing to the absence of all the members of the nominating committee, a motion was made and carried to suspend the rules and nominate and elect the editorial board of the *OHIO NATURALIST* for the ensuing year. The following were proposed and elected:

Editor-in-Chief, John H. Schaffner.

Business Manager, James S. Hine.

Associate Editors.

Zoology, C. F. Jackson,

Botany, R. F. Griggs,

Geology, C. R. Stauffer.

Archaeology, W. C. Mills.

Ornithology, Z. P. Metcalf.

The Club then adjourned for the year.
