Contemporary research in ornithology will be reviewed by distinguished biologists in a series of lectures to be presented at the Stone Laboratory during the Summer Quarter of 1939. Two lectures will be given each week-end and the attendance will be open to all students and workers registered at the Laboratory. The list of speakers includes Dr. Herbert Friedman, of the U. S. National Museum; Dr. Francis H. Herrick, of Western Reserve University; Dr. S. Charles Kendeigh, of the Baldwin Bird Research Laboratory; Professor Aldo Leopold, of the University of Wisconsin; Dr. Ernest Mayr, of the American Museum of Natural History; Mr. W. L. McAtee, of the Bureau of Biological Survey; and Mrs. Margaret M. Nice, of Chicago.
