THE OHIO JOURNAL OF SCIENCE

Is published jointly by the Ohio State University and the
Ohio Academy of Science.

MANUSCRIPTS. Preference will be given to original manuscripts pertaining
to Ohio Science. Articles covering not more than fifteen to twenty pages of the
Journal are preferred, although longer articles may be printed. Contributors
need not be associated with either the Ohio State University or the Ohio Academy
of Science, nor need their contributions deal with the State of Ohio. Manuscripts
are subject to the approval of the editor.

ILLUSTRATIONS. When illustrations form part of an article they should
preferably accompany the manuscript. If their size does not make this con-
venient, they should be sent in a separate package properly labeled as to the
article for which they are intended. Either half-tones or zinc etchings can be
published, half the cost of the cuts being borne by the contributor. They are
made under the supervision of the Journal and a bill is then rendered by the
Journal to the contributor. All illustrations should be made with a view to
having them appear within the limits of the printed form.

PROOF. Galley proof will be sent to contributors. It should be returned
promptly in order to avoid any disappointment in the matter of publication. Care
should be taken to furnish a correct mailing address. The Journal will not
assume responsibility for loss of manuscript or proof in the mails.

REPRINTS. A price list for reprints and an order form is sent with proof.
This should be returned with the proof. No reprints are furnished free of charge.
Shipments will be made upon payment of bills rendered for reprints and cuts.

SUBSCRIPTIONS. The Annual subscription is $2.00, (foreign countries,
$2.50). Single numbers, 50 cents. One volume appears each year and contains
six numbers.

By special arrangement with the OHIO ACADEMY OF SCIENCE, the OHIO JOURNAL
OF SCIENCE is sent without additional expense to all members of the ACADEMY
who are not in arrears for annual dues.

The first fifteen volumes of the old OHIO NATURALIST may be obtained at
$1.00 per volume.

MAILING ADDRESS. All manuscripts, illustrations, proofs and correspond-
ence dealing with editorial matters, should be addressed to DR. LAURENCE H.
SNYDER, Botany and Zoology Building, Ohio State University, Columbus, Ohio.

All remittances, correspondence dealing with subscriptions, reprints and
other business matters should be addressed to DR. BERNARD S. MEYER, Botany
and Zoology Building, Ohio State University, Columbus, Ohio. Failure to receive
any number of the Journal must be reported within three months of date of issue
if claim is to be recognized.
