**RAWLINS REWARDED**

At a recent meeting of the Robinson Fellowship Committee it was voted to recommend Mr. Herbert L. Rawlins, of Fredericktown, Ohio, Senior in Electric Engineering, for the award of the Stillman W. Robinson Fellowship for the year 1926-27.

This fellowship has a value of \$750 and provides that the successful applicant should devote his entire time to graduate study and research, leading to the degree of Master of Electrical Engineering.

This fellowship was endowed by Stillman W. Robinson, formerly Professor of Mechanical Engineering and a famous inventor of shoe and other automatic machinery. Professor Robinson also gave to the University the large experimental boiler in the Mechanical Engineering Department. He was the father of Mr. E. G. Robinson, Engineering, '93, President of the Robinson Optical Company. Mr. E. G. Robinson is a member of the Columbus School Board and an active friend of the University.—Electrical Engineering Department.
