The Latest Arrival

at this store is about as fine a lot of high class soda water as we have ever seen. We don't ask you to buy, not even if you want any. But we are so proud of our soda water that we want you to try it and compare it with any other soda water you care to. We'll take a chance on your buying here if you buy at all.

At the Gate of the Campus

HENNICK'S
The most interesting and significant evolution which has taken place in electric cleaners is found in the New Premier.

The New Premier gives you a specialized, individual housework service, co-operating with you in doing your cleaning the way you prefer.

The New Premier answers your every desire. If you prefer a pliable rubber-fingered brush, you will find it a part of the New Premier. For more forceful cleaning, there is a tufted bristle brush. Both interchangeable brushes are motor driven.

The wide and complete range of the New Premier's powers, so decidedly worth while, will be demonstrated to you at our store, or, if you wish, at your home. Modest prices. Convenient terms.

The Erner & Hopkins Co.
55-57 East Chestnut St., Columbus, Ohio
