## B. PLANNING & CONSTRUCTION

Little is known of the history of this building. It was not on the property when purchased from Mrs. Waterman in 1923, and does not show on a 1929 aerial photograph (X 1008). It is not shown on the plot plan for Project 4921, which involved remodeling Buildings 008 and 023 in 1949. The earliest record found today is a map compiled by the Office of Campus Planning in 1958 (1" = 200'). This map was based on aerial surveys and the building clearly shows.

The appearance of the building suggests that the building was either constructed much earlier than 1958 or was built of used lumber.
