THE OHIO JOURNAL OF SCIENCE

NOVEMBER, 1958

TABLE OF CONTENTS

Helminth Parasites of the Short-Tailed Shrew in Central Ohio—
Vernon H. Oswald 325

Daily Weather Maps as Illustrations of Weather Types—
Jack Richard Villmow 335

The Chemistry of the Membranes of the Egg Envelope of Cruzia americana, Maplestone 1930 (Nematoda: Kathlaniidae)
John L. Crites 343

Some Causes Underlying Cellular Differentiation—
Richard A. Popham 347

The Toxicity of Some Amines For Duckweed, Lemna minor—
Fritz Fromm 354

The Vascular Flora of the Vinton Furnace Experimental Forest—
Gustav W. Hall 357

Notes on the Anthonominae (Coleoptera, Curculionidae)—
Elbert L. Sleeper 366

Atmospheric Pollen and Spore Studies at Columbus, Ohio During 1957—
N. N. Williams and G. E. Gilberi 371

Some Algae from the Ohio River Drainage Basin
Allan Hirsch and C. Mervin Palmer 375

Index to Volume 58 .................................................. 383

Book Notices .......................................................... 334, 353, 370, 374

PUBLISHED AT COLUMBUS, OHIO
by
THE OHIO STATE UNIVERSITY and THE OHIO ACADEMY OF SCIENCE

Issued Bimonthly. January to December (six issues)
Entered as second-class matter November 1, 1915, at the post office at Columbus, Ohio under the Act of March 3, 1879.

Date of Issue—December 8, 1958
MANUSCRIPTS. The Ohio Journal of Science accepts manuscripts on any scientific subject from contributors living anywhere in the world. The manuscripts may be reports of recent research, review or expository articles, or part of a symposium on a subject of general scientific interest. All manuscripts are subject to approval by the editorial staff. The original typed manuscript and the first carbon copy should be submitted to the Editor. A carbon copy should be retained by the author for reading the galley proof. Galley proof and engraver's proof but not original manuscript will be sent to authors. Care should be taken to furnish a correct mailing address. See cover page 3 for detailed instructions concerning the preparation of manuscripts.

PREPUBLICATION REVIEW AND REVISION. Every paper is read and criticized by a reviewer. The author is subsequently given an opportunity to revise the paper in accordance with the reviewer's suggestions. This procedure is not intended to imply any reflection on the merits of individual papers but is solely for the purpose of improving the quality of articles appearing in the Journal and to reduce publication costs.

REPRINTS. A price list for reprints and an order form are sent with proof. Authors should allow at least sixty days after publication for receipt of reprints.

SUBSCRIPTIONS. Annual subscription, $6.00 (foreign countries, $6.60). Single numbers, $1.00. One volume appears each year and contains six numbers. The Ohio Journal of Science is sent without additional expense to all paid-up members of The Ohio Academy of Science.

MAILING ADDRESS. All manuscripts, illustrations, proofs, and correspondence dealing with editorial matters should be addressed to the editor, Dr. Henry L. Plaine, Botany and Zoology Building, The Ohio State University, Columbus 10, Ohio. All remittances and correspondence dealing with subscriptions and other business matters should be addressed to the business manager, Dr. Richard A. Popham, Botany and Zoology Building, The Ohio State University, Columbus 10, Ohio. Failure to receive any number of the Journal must be reported within three months of date of issue if claim is to be recognized.

PRINTED IN THE UNITED STATES OF AMERICA BY THE SPARR & GLENN COMPANY, COLUMBUS, OHIO
## CONTENTS OF VOLUME 58

### NUMBER 1—JANUARY

- The Crisis Between Science and Society—A Modern Paradox  
  Ralph W. Dexter  
  1
- The Puparium of *Rhagoletis basiola* (O. S.): Variation in Length and Form (Trypetidae, Diptera)  
  W. V. Balduf  
  7
- Notes on the Hepatic Flora of the Athens Area  
  Gustav W. Hall  
  15
- Studies Concerning the Action of Bisulfitc Solutions on the White Mold (*Penicillium* and *Aspergillus SP. P*) Isolated from Ailing Grass Silage  
  Lad A. Pasiut and F. DeMarinis  
  20
- Changes in the Status of Japanese Women  
  Pongsun Choi Allen  
  39
- Major Glacial Drainage Changes in Ohio  
  George N. Coffey  
  43
- Additional Notes on the Dragonflies of Northwestern Ohio  
  Homer F. Price  
  50
- Notice to Contributors  
  62
- Book Notices  
  14, 19, 24, 38, 49, 62, 63

### NUMBER 2—MARCH

- Wisconsin Stratigraphy at Port Talbot on the North Shore of Lake Erie, Ontario  
  A. Dreimanis  
  65
- Some Effects of Dietary Penicillin on the German Cockroach, *Blatella germanica* (L) (Orthoptera: Blattidae)  
  James N. Liles  
  84
- A New Subspecies of *Chrysobothris biramosa* (Fisher) (Coleoptera: Buprestidae)  
  Josef N. Knull  
  96
- Variation in *Heliopsis helianthoides* (L) Sweet (Compositae)  
  T. Richard Fisher  
  97
- Studies on the Acoustical Behavior of Seventeen-Year Cicadas (Homoptera-Cicadidae: *Magicicada*)  
  Richard D. Alexander and Thomas E. Moore  
  107
- *Dirofilaria scapiceps* from the Rabbit (*Sylvilagus floridanus mearens* In Ohio (Nematoda: Dipetalonematidae)  
  John L. Crites and George J. Phinney  
  128

### NUMBER 3—MAY

- Inheritance of Black Hair Patterns in Cattle Lacking the Extension Factor for Black (E). III. A Multiple Allelic Hypothesis to Explain the Inheritance of Blackish and Blackish Pattern  
  Louise P. Overton, R. Laird and N. S. Peckheimer  
  133
- An Adjustable Capillary Method for the Determination of Surface Tensions  
  Jesse H. Day and Lawrence H. Talley  
  140
- A Study of the Steric Requirements of the 9-Anthracyl Group and their Contribution to the Preparation of 9-Anthracylboron Compounds  
  Vance H. Dodson and William E. Fisher  
  141
- Bacteria Parasitic on Plants in Ohio  
  C. W. Ellett  
  145
- The Chemical Composition of Cattle Hair. I. The Fat, Ash and Nitrogen Content  
  R. G. Washburn, L. O. Gilmore and N. S. Peckheimer  
  150
- Two New North American Buprestidae (Coleoptera)  
  Josef N. Knull  
  153
- *Ctenicera idahoensis* a New Name for *Ctenicera acuta* (Knill) (Coleoptera: Elateridae)  
  Josef N. Knull  
  154
- African Ancestry of the White American Population  
  Robert P. Stuckert  
  155
- Some Constants of Toad Fat  
  Fritz Fromm  
  161
- Studies on the Effects of Progesterone on the Physiology of Reproduction in the Mink  
  Beryl C. Franklin  
  163
- Rock Mill  
  Wilber Stout  
  171
- Light-Scattering, Intrinsic Viscosity, and Gold Number Relationships for Some Dextran Fractions  
  M. K. Hamdy, E. Gardner, Q. Van Winkle and G. L. Stahly  
  177
- The Effects of Weathing and Other Changes at Nelson Ledges State Park  
  Lincoln Petit  
  182
- Anthocyanin Pigments of Buckwheat Hypocotyls  
  James R. Troyer  
  187
- A Comparison of Wintering Bird Populations in Three Open Field Types in Central Ohio  
  George W. Cox  
  189
- Book Notices  
  139, 144, 149, 152, 176, 198, 194
NUMBER 4—JULY

The Effects of Pollution on a Midwestern Stream ........................................... Arden R. Gaufin 197
Wisconsin Age Forests in Western Ohio. I. Age and Glacial Events .................. Richard P. Goldthwait 209
Wisconsin Age Forests in Western Ohio. II. Vegetation and Burial Conditions .... George W. Burns 220
Ecological Notes on the Pine Midges Retinodiplosis resinicola (Osten Sacken) and R. inopis (Osten Sacken) in Southern Ohio (Diptera, Itonididae) .............. William E. Miller 231
The Mosca (Chibcha) ....................................................................................... Leo Estel 255
Annual Report of The Ohio Academy of Science ............................................... 250
Book Notices ..................................................................................................... 208, 230, 244, 249, 260

NUMBER 5—SEPTEMBER

Pseudoscience and Antiscience in an Age of Science ................................. Walter C. Kraatz 261
A New Megascolecid Earthworm from Michigan with Notes on Its Biology ... W. R. Murchie 270
Ecological Observations on the Virginia Pitch-Nodule Moth, Petrova wenzeli (Kearfoot), Including a Note on its Nomenclature (Lepidoptera, Olethreutidae) ......................................................... William E. Miller and Stuart A. Altman 273
Light Diffraction by Single Striated Muscle Fibers ....................................... Josef N. Knapp 282
Biographies of Geologists ............................................................................. John W. Wells and George W. White 285
A Study of the Trypsinlike Protease of the Adult Stable Fly, Stomoxys calcitrans (L.) ................................................................. Robert A. Patterson and Frank W. Fisk 299
Food, Growth and Sexual Dimorphism of the Redside Dace Clinostomus elongatus (Kirtland) in Linesville Creek, Crawford County, Pennsylvania ................................................. 311
A Preliminary Investigation of the Social Psychology of Attitudes Toward Medical Doctors ................................................................. Emily M. Nett 317
Book Notices ..................................................................................................... 272, 281, 324

NUMBER 6—NOVEMBER

Helminth Parasites of the Short-Tailed Shrew in Central Ohio ............... Vernon H. Oswald 325
Daily Weather Maps as Illustrations of Weather Types ................................. Jack Richard Villmow 335
The Chemistry of the Membranes of the Egg Envelope of Cruzia americana, Maplestone 1950 (Nematoda: Kathalinidae) .................................................. John L. Crites 343
Some Causes Underlying Cellular Differentiation ......................................... Richard A. Popham 347
The Toxicity of Some Amines for Duckweed, Lemna minor .................... Fritz Fromm 354
The Vascular Flora of the Vinton Furnace Experimental Forest .................. Gustav W. Hall 357
Notes on the Anthonominae (Coleoptera, Curculionidae) .............................. Elbert L. Sleeper 366
Atmospheric Pollen and Spore Studies at Columbus, Ohio During 1957 .... N. N. Williams and C. E. Gilbert 371
Some Algae from the Ohio River Drainage Basin ........................................... Allan Hirsch and C. Mervin Palmer 375
Index to Volume 58 .......................................................................................... 385
Book Notices ..................................................................................................... 334, 353, 370, 374

PUBLICATION DATES OF THE OHIO JOURNAL OF SCIENCE
