Welcome to The Ohio State University, a world-class public research and teaching institution. We hope you enjoy your visit and experience some of the tradition and excitement that Ohio State has to offer.

Admissions Overview and Tour
Undergraduate admissions and First Year Experience (FYE) office will offer sessions on selecting classes through the year. These 15-hour sessions include some orientation presentations highlighting academic and extracurricular opportunities and the admissions process, as well as a guided tour of campus. The student guests will visit our college to explore various academic areas, including enrollment, dining, faculty, orientation, and residence hall. Student reservations are required and the web site is available to registered students with student ID number. We also now offer guided class visits, go to our admissions web site.
