January 2013

Numbers 2-5

THE OHIO JOURNAL OF SCIENCE

ISSN 0030-0950

Editorial Policy

General

THE OHIO JOURNAL OF SCIENCE considers original contributions from members and non-members of the Academy in all fields of science. While special consideration will be given to manuscripts concerned with Ohio subject matter, other reports with scientific merit will be reviewed for publication. Submission of a manuscript is understood to mean that the work is original and unpublished, and is not being considered for publication elsewhere. All manuscripts considered for publication will be peer-reviewed. The opinions expressed by reviewers are their own, and do not represent the views of the Ohio Academy of Science or *THE OHIO JOURNAL OF SCIENCE*.

Page Charges

Publication in *The Ohio Journal of Science* requires authors to assist in meeting publication expenses. These costs will be assessed at \$85 per page for members of the Academy and \$120 per page for nonmembers. In multi-authored papers, each author must be a member of the Academy at the time of publication to be eligible for the reduced member rate. Papers that exceed 12 printed pages may be charged full production costs.

Submission

Please submit two copies of manuscripts and illustrations accompanied by a CD-ROM with a text file in MSWord and separate files of each illustration in tiff format in accord with current guidelines posted at <http://www.ohiosci.org/ojsinstr.htm>. Original photographs or transparencies and high resolution line art prints of maps or graphs are also acceptable. Additionally, as accessible from the guidelines web page, the following forms must be submitted with the manuscript: (1) affirmation of originality, (2) copyright transfer and (3) page charge acceptance.

Please submit all materials to:

Manuscript Processing

The Ohio Journal of Science
1500 W. Third Ave., Ste. 228

Failure to Receive *THE JOURNAL*

Any claim of failure to receive subscription issues of *THE JOURNAL* must be submitted to the Ohio Academy of Science within six months of date of issue of the missing number, to be recognized.

Listing Services

THE OHIO JOURNAL OF SCIENCE is listed or abstracted in several sources including:

AcadSci Abstracts
Bibliography of Agriculture
Biological Abstracts
Chemical Abstracts
Current Advances in Ecological Sciences
Current Contents (Agriculture, Biology &
Environmental Sciences)
Deep Sea Research and Oceanography Abstracts
Environment Abstracts
Environmental Information Center
Forest Products Abstracts
Forestry Abstracts
Geo Abstracts
GEOBASE
Geology Abstracts
GeoRef
Helminthological Abstracts
Horticulture Abstracts
Nuclear Science Abstracts
Review of Plant Pathology
Selected Water Resources Abstracts
World Agricultural Economics and Rural Sociology
Abstracts

FUTURE ACADEMY MEETINGS

2013 April 5-6 at the University of Findlay,
Findlay, Ohio

Instructions to authors—Inside back cover

FRONT COVER PHOTO: Cliff of slowly advancing ice on the east edge of North Ice
Cap, Red Rock, Greenland. Photo ca. 1955, by Dr. Richard P. Goldthwait (1911-1992),
courtesy of The Ohio State University Archives. The ice may have looked like this, ad-
vancing over Ohio. Additionally, Goldthwait reports (Pages 2-17) that the Vatnajökull,
Iceland glacier lies on low hills comparable to Ohio. It is 4,400 ft high within 50 mi of
the ice edge. As much as 200 mi up onto inland ice in Greenland and Antarctica the
surface averages 6,400 ft above the ice edge. Until more comparable cases are available,
we might estimate 3,000 ft for the depth of ice formerly over Columbus or Dayton, and
at least a 5,000 ft depth of ice over Lake Erie Basin during the last glaciation.

BACK COVER: Simplified map of glacial deposits of Ohio from *Ohio's Natural
Heritage* book.
