THE OHIO STATE UNIVERSITY

LOCATION

The Ohio State University is situated within the corporate limits of the city of Columbus. It is supported by appropriations from the State and Federal governments. The University has almost 1,400 acres of land with nearly 400 acres in the campus. The total value of land, buildings, and equipment is \$22,415,383.00.

ORGANIZATION

For convenience of administration the departments of the University are grouped into organizations called Colleges. The Ohio State University comprises ten Colleges and a Graduate School, each under the administration of a Dean and College Faculty, as follows:

Graduate School, College of Agriculture (including the School of Home Economics), College of Arts and Sciences, College of Commerce and Administration (including the Schools of Journalism and Social Administration), College of Dentistry, College of Education, College of Engineering (including the School of Mineral Industries), College of Law, College of Medicine (including the School of Nursing), College of Pharmacy, College of Veterinary Medicine.

NOTE: Bulletins describing the work of the several Colleges may be obtained by addressing the University Examiner, The Ohio State University, Columbus, and stating the College in which the writer is interested. (For list of bulletins, see the last page.)

COLLEGE OF LAW

In June, 1885, a resolution was passed by the Board of Trustees of the University, providing for the establishment of a law school. It was six years, however, before the School of Law was formally opened. On October 1, 1891, it began with an enrollment of thirty-three students. The Hon. Marshall J. Williams, Justice of the Supreme Court of Ohio, was the first Dean and Professor Horace L. Wilgus the first Secretary. The classes were held in the Franklin County Courthouse because there was no satisfactory building available on the campus at that time. By the end of the first year, the enrollment had increased to sixty-three students.

In September, 1894, the school was moved to the campus. During the first few months, it was located in Hayes Hall; later it was located in Orton Hall. In 1903, the school acquired its present quarters, Page Hall, named in honor of Henry F. Page, one of the foremost lawyers of that time, who gave his large estate to the University. Page Hall compares favorably with modern law school buildings, providing sufficient space for its large library, two excellently appointed reading rooms and ample class room and office facilities. The original name of the school was changed in 1896 to the "College of Law of the Ohio State University," by which name it is designated today.

From the beginning, it was required that candidates for its degree must have previously taken two years of college work.

As early as 1908, the need was felt for a faculty giving all its time to the teaching of law. Prior to this time much of the instruction had been given by a faculty picked from the leading practitioners in Columbus. Consequently, in 1909, there were five full-time members of the faculty. At the present time,

nine of the eleven members of the faculty devote all of their time to the work of instruction.

Instruction is offered in practically all the branches of the common law and equity, as well as such fields of the statute law as have been more or less uniformly codified. A broad conception of the law, considered historically and fundamentally, is the aim rather than the teaching of mere rules and precedents of a single jurisdiction. Emphasis is placed upon logical reasoning in the solution of legal problems. The method used in such instruction is the free discussion of selected cases, with a critical analysis of the reasoning therein and with a consideration of the various possibilities of the case through hypothetical cases developed during the class discussion. Through the use of the case method, the student sees the principle applied to facts in cases actually decided and acquires ability to deal with the principal type of material that he must use in practice.

In the procedural courses offered, the study of the cases is supplemented with practical work in pleading and practice, the advanced students being given the opportunity to obtain valuable experience in a well-equipped practice court. It is believed that this work in the practice court develops in the student a sense of confidence, and emphasizes the relation between the substantive and procedural law in a way that no other method could.

LIBRARY

The Library of the College of Law contains the reports of the courts of last resort of all the States and Territories, the United States Supreme Court Reports, the Federal Reports, most of the reports of the intermediate appellate courts of the States, the English Reports (as well as the reprints), Canadian Reports, Scotch, Irish, and British Colonial Reports, and all of the more important compilations of selected cases with or without notes. There are several sets of the reports of Ohio courts, Ohio statutes and digests, and other important sets of reports, of which two, and sometimes three, are represented. The statutes of all the states and the federal statutes are here on file, as are the digests to all the State Reports. All of the important textbooks on every branch of the law find representation also, as do the legal periodicals, encyclopedia, and citators. The Noble Library and the Emerson McMillin Library are included in the above enumeration. At present, the library contains approximately thirty-nine thousand volumes, and many additions are made annually. Students enrolled in the College of Law also have free access to the general library of the University.

ORDER OF THE COIF

The Order of the Coif is a national law school honor society, based upon high attainments in scholarship, its purpose being to stimulate scholarly work of the highest order and to raise the standard of professional conduct. The candidates are selected during the Spring Quarter of each year by the Faculty from the ten per cent of the Senior Class who rank highest in scholarship. The following were chosen from the Class of 1934:

Charles Clifford Callahan
Wilmer Chester Egelhoff
Robert Cunningham Neal

Carl Craddock Tucker
Robert Lee Wills

ADMISSION

METHOD OF ADMISSION

The admission of students is in charge of the University Entrance Board. The record of a student of this University will be examined, upon application of the student, and his eligibility for admission to the College of Law will be determined by the University Examiner, Chairman of the Entrance Board. A candidate for admission to the College of Law who has completed his pre-law work in a college or university other than this University and meeting the requirements outlined below should present an official transcript of his high school and college records to the University Examiner who will determine his eligibility for admission to the College of Law.

Correspondence relating to admissions and credentials should be forwarded to the University Examiner, The Ohio State University, Columbus.

REQUIREMENTS FOR ADMISSION

Applicants for admission must be at least eighteen years of age.

Graduates of The Ohio State University, or of other approved universities or colleges, will be admitted upon their records and registered in the College of Law as candidates for the degree, Bachelor of Laws.

Other applicants for admission who are graduates of a high school of the first grade, or who have met the entrance requirements, fifteen units, by examination, and have ninety Quarter-credit hours (sixty semester hours) exclusive of military science, physical education, and hygiene, having completed two full years in an arts college, or its equivalent, in a university of recognized standing and in accordance with its rules, will be admitted to the College of Law as candidates for the degree, Bachelor of Laws. The applicant's point standing must be not less than a minimum of 2 points per credit hour on all work undertaken or of similar quality from another college or university.

Applicants will be admitted only at the opening of the Autumn Quarter.

ADMISSION WITH ADVANCED STANDING

(a) Applicants for admission with advanced standing must first satisfy the foregoing entrance requirements.

(b) Credits applying on the requirements for the degree in the College of Law will be considered for evaluation provided:

1. The academic record is at least average;
2. The work is completed in an approved college of law;
3. The curriculum in the college of law requires three years;
4. The college of law requires two years of pre-law training.

(c) A complete transcript of the entire record (high school, pre-law, and law) should be forwarded to the University Examiner for evaluation.

COURSE PRELIMINARY TO ADMISSION TO THE COLLEGE OF LAW

Students preparing for entrance to the College of Law by taking courses in the College of Arts and Sciences or Commerce and Administration of this University are expected to conform to the general curriculum of the College. However, pre-legal students who are not candidates for a degree in Arts will be permitted some deviation from the requirements in order to permit greater emphasis on history and the social sciences, which students should stress in their Sophomore year.

Whenever possible, applicants for admission to the College of Law should spend at least three years in preparatory work. Students who in pursuance of this plan are following the Arts-Law or Commerce-Law combination curriculum should consult the Student Counselor or Junior Dean of their college early in their Sophomore year concerning the choice and sequence of their courses.

ARTS-LAW CURRICULUM

SIX YEARS

Students desiring the degree of Bachelor of Arts in the College of Arts and Sciences and the degree of Bachelor of Laws in the College of Law, may, by complying with the regulations below, obtain the two degrees in six years. This course includes the first three years of the curriculum of the College of Arts and Sciences, and the three-year curriculum of the College of Law.

Admission to the College of Arts and Sciences. For admission to the College of Arts and Sciences, the applicant must present to the Entrance Board a certificate of graduation from a high school of the first grade, or from a preparatory school of approved standing, or he must pass by examination upon fifteen units of college entrance subjects. (For details consult the Bulletin of the College of Arts and Sciences.)

Residence in the College of Arts and Sciences. In arranging his course the candidate must meet all the requirements of the curriculum of the College of Arts and Sciences (see announcement for the College of Arts and Sciences) except as modified by the following statement:

A total of 145 credit hours is required, including the requirements in military science, physical education, and hygiene. The 145 credit hours must include the Junior Division requirements of the College of Arts and Sciences and 45 academic credit hours obtained while enrolled in the Senior Division of the college. Of these 45 hours, at least 25 must be in courses numbered "500" or "600" and at least 25 hours must be in the field of the social sciences, such work in Social science to be considered as a major. The major must be declared during the third Quarter of the sophomore year. A point average of 2.25 must be maintained in the courses comprising the major. Only courses described in the announcements of the College of Arts and Sciences may be counted towards a degree, but advanced courses in Military Science and Tactics will not be so counted.

Students entering with advanced credit from other colleges must be in residence in the College of Arts and Sciences of the Ohio State University for at least the last year (45 credit hours and 90 points) of the three years mentioned above.

Admission to the College of Law. Upon completion of the requirements of the three years' work in the College of Arts and Sciences, the candidate is recommended to the Entrance Board by the College of Arts and Sciences as having fulfilled the requirements for transfer to the College of Law, at the same time retaining his registration in the College of Arts and Sciences. The student secures his authority to transfer to the College of Law from the University Examiner and presents it to the College of Law to secure his schedule.

Requirements in Hours and Points. To be eligible for the degree of Bachelor of Arts the candidate must have acquired 145 credit hours in courses in the College of Arts and Sciences, at the rate of not less than 1.8 points per credit hour undertaken. This includes the requirements in military science, physical education, and hygiene. He must also have secured not less than 45 credit hours (at the 1.8 points per hour ratio) in the first year of the course of the College of Law, making a total of 190 credit hours.

Students may not present in excess of ten hours of "K" credit after the completion of the first two years of Arts work; and if such credit to the amount of ten hours is presented it must be on the records at least two Quarters prior to the completion of the requirements for the professional degree.

Students in good standing who, however, have failed to make the required point ratio on the work of the first year in the College of Law, may make up their deficiency in points by carrying additional courses in the College of Arts and Sciences in order to become eligible for the Bachelor of Arts degree. If they prefer not to follow the above procedure, the conferring of the degree will be postponed until they are eligible for the degree of Bachelor of Laws from the College of Law at The Ohio State University.

Degrees. Upon completing the requirements described above the candidate will be recommended for the degree of Bachelor of Arts; and upon completion of the requirements of the curriculum of the College of Law he will be recommended for the degree of Bachelor of Laws.

The question of the applicant's eligibility to the combined course will be determined by the Executive Committee of the College of Arts and Sciences.

COMMERCE-LAW CURRICULUM

A similar combination with the College of Commerce and Administration is arranged whereby students in that College, by following the requirements set forth in its Bulletin, may secure degrees from both colleges in six years.

REGISTRATION

Under the Quarter plan each student will present his program of studies for only one Quarter at a time. During each Quarter certain days will be announced during which every student in residence will be required to file his program of studies for the following Quarter. Fees may be paid as soon as fee cards have been received by the student from the Registrar. *Students are expected to pay their fees before the day designated in the University Calendar for classes to begin and to report promptly to their classes on the first day that classes are scheduled.* Students who have registered sufficiently early usually receive fee cards approximately three weeks prior to the opening of the Quarter. *It is to the advantage of all students to register as early as possible.*

Applicants presenting themselves after the opening of the Quarter can be admitted only for exceptional reasons and by action of the Executive Committee of the College. In general, a student who is permitted to enter after the close of the first week of a Quarter shall be given a schedule diminished by one full course below the normal requirement for that student.

FEES AND EXPENSES

Registration is not complete until all fees have been paid. No student will have any privileges in the classes or laboratories until all fees and deposits are paid.

Since all fees are due and payable as a part of the student's registration before the day designated in the University Calendar for classes to begin, no

person should come to the University for registration without money sufficient to cover all of his fees and deposits.

A penalty of \$5.00 for each succeeding day or fraction thereof will be assessed for failure to comply with this rule except in the case of a new student granted permission by the Dean of his College to register after the opening of the University.

1. Matriculation fee (non-returnable)
Required of every student on first admission to the University. . \$15.00
2. Registration fees
Registration fees do not vary with the number of courses taken

 - (c) Library Laboratory fee. 1.00
Required of all students each Quarter

NON-RESIDENT FEE

Every student who is not a legal resident of the State of Ohio is required to pay a non-resident fee of \$50.00 each Quarter of his residence in the University in addition to other University fees. The burden of registering under proper residence is placed upon the student. If there is any possible question of his right to legal residence the matter should be brought to the attention of the Registrar and passed upon, previous to registration or the payment of fees. Any student who registers improperly under this rule shall be required to pay not only the non-resident fee, but shall be assessed a penalty of \$10.00. Students who do not pay this fee within thirty days after they have been notified that the non-resident fee has been assessed against them, will have their registration in the University cancelled.

No person shall be considered eligible to register in the University as a resident of the State of Ohio unless he has been a *bona fide* resident in the State twelve consecutive months next preceding the date of his original enrollment, and no person shall be considered to have gained or lost a residence in this State for the purpose of registering in the University, by any conduct of his own, while he is a student in the University, unless after attendance at the University for one year it can be clearly established by the student that his previous legal residence has been abandoned and a new one established in Ohio for purposes other than merely attending the University; but persons whose legal residence follows that of other persons, as hereinafter provided, shall be considered to have gained or lost legal residence in this State for such purpose while students in the University according to changes of legal residence of such other persons, except that such legal residence shall not be considered to be so gained until twelve months after such other person becomes a legal resident of this State.

MINORS: The residence of minors shall follow that of the legal guardian, regardless of emancipation; but in case a resident of Ohio is appointed guardian of a non-resident minor, the legal residence of such minor for the purpose of this rule shall not be considered to be established in the State of Ohio until the expiration of twelve months after such appointment.

WIVES: The residence of wives shall follow that of husbands.

ALIENS: Aliens who have taken out their first citizenship papers and who have been residents of Ohio for twelve months next preceding the date of their original enrollment in the University, shall be regarded as eligible for registration as residents of Ohio.

TEXTBOOKS

Textbooks. Students should not purchase textbooks until they are advised by the instructors of their respective classes.

RETURN OF FEES ON WITHDRAWAL

Fees are returnable in case a student withdraws on account of sickness or for other causes entirely beyond his control, if such withdrawal is made during the first thirty days of the Quarter. Students withdrawing under request from the University are not entitled to any return of fees. Permission to withdraw, given in writing by the Dean of the College, must be presented to the Bursar within this thirty-day period. Ordinarily no more than one-half of the fees will be refunded; if the case has exceptional circumstances it should be referred to the President for his judgment.

No fees will be returned in case of withdrawal of students until thirty days have elapsed from the date of withdrawal.

If fees are paid under mistake of law or fact they are returnable in full. Fees are not returnable except as provided in this rule.

SPECIAL FEES—PENALTIES

PENALTY FOR FAILURE TO REGISTER WITH THE DEAN OF WOMEN

Every woman student must register with the Dean of Women at her office in Pomerene Hall at the beginning of each Quarter. Registration closes on Thursday following the opening of the Quarter. Students who are residents of Columbus are requested to register on the day preceding the opening of classes. A penalty of \$5.00 will be assessed for failure to comply with this rule.

PENALTY FOR FAILURE TO KEEP APPOINTMENT FOR PHYSICAL EXAMINATION

A penalty of \$1.00 will be assessed for failure to keep appointment for Physical Examination or for change in date of Physical Examination.

PENALTY FOR RE-REGISTRATION

When checks given for payment of fees are not paid on presentation at bank, registration will be cancelled and receipts given considered null and void. A penalty of \$5.00 will be assessed for re-registration.

FEE FOR CHANGES IN APPROVED ELECTION CARDS

Changes in approved election cards will be made only upon the approval of the Dean and payment of \$1.00 for each change involved, unless such payment is waived by the Dean approving the change.

FEE FOR CHANGES IN APPROVED SCHEDULE ASSIGNMENTS

Changes in approved schedule assignments will be made only upon the approval of the Registrar and the payment of \$1.00 for each change involved unless such payment is waived by the Registrar.

COST OF A YEAR'S WORK

One of the most perplexing questions that confronts a prospective student is what the course is going to cost him a year.

In order to furnish information we have listed below payments required by the University for the Freshman year and have estimated the cost for room and board at a safe price. These two items are sometimes reduced slightly where two students occupy the same room and where boarding clubs

are economically managed. Fees to the University are paid at the beginning of each Quarter.

UNIVERSITY HEALTH SERVICE

Hayes Hall

Medical Staff: Dr. John W. Wilce, Director; Dr. M. F. Osborn, Dr. J. M. Foley, Dr. James A. Beer, Dr. Shirley Armstrong, Dr. Charlotte Winnemore.

Office Hours: When the University is in session, daily 8:30 to 12:00 and 1:00 to 4:30; Saturday, 8:30 to 12:00. Phone: Campus 461.

The object of the University Health Service is to render first aid and casual treatment to students on the campus. When, in the judgment of the University Health Service physicians, hospitalization for observation and diagnosis is necessary, such is provided without charge. Seniors are given a complete health examination on application at the University Health Service in Hayes Hall.

LIVING ARRANGEMENTS

The President of the University has the authority to supervise living arrangements of students not residents of the city of Columbus and to order the immediate withdrawal of any student from any boarding or lodging house in which the surroundings are undesirable.

ROOMS AND BOARD FOR MEN

The University possesses only two dormitories for men, the Tower Club and the Buckeye Club. Furnished rooms can be obtained at prices varying from \$7.00 to \$15.00 a month (single) and \$10.00 to \$20.00 (double). The cost of the table board in the clubs and restaurants near the University is from \$4.00 to \$6.00 a week. Board can be secured at the Ohio Union at reasonable prices.

Board with furnished rooms can be obtained in private families within convenient distance from the University at rates varying around \$7.00 a week.

MEN'S DORMITORIES

The Tower Club and the Buckeye Club were organized for men who are in great need of financial assistance.

Applicants with unusually good records in the high school and advanced students who have made unusually good records in college are eligible for consideration.

The Clubs are run on a cooperative dormitory plan with very simple accommodations. The Club fee is \$1.00 a Quarter for each man. Board is available at approximately \$2.90 a week.

Applications should be sent to B. L. Stradley, University Examiner.

MEN'S HOUSING BUREAU

The absence of dormitories for men at The Ohio State University, with the exception of the Tower Club and the Buckeye Club, causes the men students to reside in private rooming houses in the University district. In order to assist the students (especially those entering for the first time) in finding desirable rooms at the greatest saving, the University has created the Men's Housing Bureau, located in the office of the Dean of Men, first floor, Administration Building.

Classified lists of rooms available for every student and for any number of students are always available at this office. Boarding houses are likewise listed.

If the student signs the "Rooming House Agreement" he shall be expected to be responsible for the rental price of the room as specified in the agreement, unless he can present satisfactory reasons to the Men's Housing Bureau for moving out before the expiration of that period, or unless he can secure a satisfactory substitute. If he moves out before the expiration of the Quarter without presenting a satisfactory excuse he shall forfeit one month's rent. The signing of such agreement is optional.

The University warns students not to rent rooms which have not been placed on the approved list by the Men's Housing Bureau. Any one renting a room which is not on the approved list does so at his own risk.

WOMEN STUDENTS

Every woman student, whether undergraduate or graduate, must register with the Dean of Women at her office in Pomerene Hall during the first four days of each Quarter. The exact dates of registration will be fully announced each Quarter.

NOTE: A penalty of \$5.00 will be assessed for failure to comply with this rule.

LIVING ARRANGEMENTS FOR WOMEN

All living arrangements for women are under the supervision of the Dean of Women and must be submitted to her before completion. Applications for residence in halls or private houses should be made directly to the Dean of Women, who will send information and regulations governing the housing of women students.

STUDENT AUTOMOBILES

The University does not bar the use of automobiles by students. However, students can be given only very limited parking space on the campus, and the use of autos is discouraged. Unless the student drives a long distance to and from his home each day or is physically incapacitated, he does not need a car while attending the University. The cooperation of parents in this matter is earnestly desired.

RULES AND REGULATIONS

For rules and regulations concerning student responsibility and procedure, see the *University Rules and Regulations for Students*, a copy of which may be obtained from the Registrar.

EXAMINATIONS

Examinations will be given at the end of each Quarter, except that where a course is continuous for two or more Quarters, an examination may be given at the end of the course only, in which case the grade then given shall be the final grade for the entire course.

THE MARKING SYSTEM AND POINT SYSTEM

The grade marks given in the several Colleges of the University are: A—Excellent; B—Good; C—Average; D—Poor; E—Failed.

K (Credit) shall be used for work credited from other institutions and by the University Examiner only.

Em (Examination) credit shall be used to indicate that the credit given is for work not done in residence.

A value in "Points" is assigned to each of these grades as follows:

For each hour of A grade, 4 credit points shall be allowed.

For each hour of B grade, 3 credit points shall be allowed.

For each hour of C grade, 2 credit points shall be allowed.

For each hour of D grade, 1 credit point shall be allowed.

For each hour of K credit, no credit points shall be allowed.

For each hour of Em credit, no credit points shall be allowed.

The grade of E receives no credit either in hours or points.

The mark E cannot be removed by re-examination. (For removal of failures, see *University Rules and Regulations for Students*.)

POINTS REQUIRED FOR GRADUATION

The number of credit points required for graduation shall amount to not less than 1.8 times the number of credit hours undertaken at this institution.

GRADUATION

APPLICATION FOR A DEGREE

A student who is enrolled in the Arts-Law course and is a candidate for the degree of Bachelor of Arts must file an application for the degree with the Secretary of the College of Arts and Sciences at least two weeks prior to the opening of the Quarter that is to complete his course.

POINTS REQUIRED FOR GRADUATION

The number of credit points required for graduation shall amount to not less than 1.8 times the number of credit hours undertaken at this institution.

COMMENCEMENT—CONVOCATION

A special Convocation or Commencement shall be scheduled at the close of each Quarter for the conferring of degrees upon candidates who have fulfilled all the requirements of their respective courses, and have been recommended for degrees.

ATTENDANCE AT CONVOCATION EXERCISES

All candidates for degrees are required to be present at their graduation convocation unless excused by the President.
