## NOTES OF INTEREST

Operation Feed: The support for Operation Feed has been quite good so far, but we have a week to go yet. Please remember to bring in some canned goods, cereals or dried foods to add to the collection. All items will be donated to the Salvation Army's Food Pantry. The drop-off boxes are located in the lobby of each building. Remember, just 50¢ from each person will add up to \$1500.00 worth of food!!!

Campus Ministry: Don't miss seeing the Campus Ministers, they are on campus daily from 11-1 in SAB 119 (the small conference room by the faculty offices). These ministers donate their time to provide a listener for students of the Lima Campus. If you need to talk, drop by and see the Ministers.

### Interested in pursuing a bachelor's degree in Business and Administrative Science?

Plans are underway to expand the administrative science related offerings at OSU Lima. Expanded courses may be offered as early as Autumn 1984 in accounting and management science. The goal is to respond to student needs with the hope of offering two to three years of study in this area, which would apply toward an OSU Bachelor of Science Degree. An informational meeting will be held in the Cafeteria at 6:30 p.m. on Wednesday. If you are unable to attend, suggestions about this program can be submitted in writing to Dr. Woodford Zimmerman (GA 205).

May Week: The schedule of events for May Week has been finalized! Watch for posters with times and dates of the events. Sign-up starts Wednesday in GA 015 and Ck 105 (see Carole Enneking or John Stroia). Many events are for teams, some individual. Get involved and have fun! Sample of events: tricycle race, mud wrestling, boxing, egg toss, all-night euchre-a-thon, volleyball, tug of war, etc.

Dulcimer Festival: The sixth annual Black Swamp Dulcimer Festival will be held on Campus April 27-29. Hundreds of Dulcimer enthusiasts will gather from throughout the midwestern and eastern United States. The festival features workshops and concerts with the lap dulcimer and hammered dulcimer. Performances with these instruments have highlighted the Thursday Noon Series, and are popular in this area. Those interested in hearing the music should be aware of two concerts (Saturday 7:30 p.m. and Sunday, 2:00 p.m.). Workshops in building and playing the instruments will be offered all day Saturday and Sunday. In addition to the dulcimer, you can learn to play the tin whistle, bones, harmonica, and autoharp. Tickets for all events should be purchased in advance, but are available at the door. See Susan Porter (SAB) for information and festival information.
