

REC ROLE PLAYING 1

Three people

Mr. and Mrs. Newcome
Ms. Firelands REC

Mr. and Mrs. Newcome have just moved into the Fireland territory. They came in to sign up for electricity. Ms. Firelands tells them all about it and of course that there is a membership fee. Mr. and Mrs. Newcome say they never heard of such a thing as a membership fee and that it must be another rip-off of the big electric company. Why should they have to pay it? (Couple playing role of Mr. and Mrs. Newcome should use their own imagination and experience to give Ms. Firelands a hard time.

Ms. Firelands should use her experience and imagination to discharge her responsibilities.)
