Student Body Elections

WALTER DAVIS

"For many years now, I have felt that a person's 'I will' is more important than his or her I.Q. On that basis then, if I am elected as student body president 'I will' serve to the best of my ability."

JIM WEBER

Student elections will be held Wednesday evening May 1, Thursday May 2, and Friday May 3. Walter Davis (Sarg) and Timothy N. Treneff are running for the office of president. Nancy Fedo and Arlena Carpenter are running for vice president, and Jim Weber is running for University Senate.

These people are willing to devote their time and effort to the Newark Campus Student Body. So far, the Student Body hasn't taken either the time or the effort to go down and vote. Let's reverse this trend by voting in the upcoming election. Come on and support Newark Campus.

HE OR SHE WHO DOES NOT VOTE CAN NOT SPEAK AND EXPECT TO BE HEARD.

SO, CAST YOUR VOTE MAY 1, 2, or 3.

Holt Invited to be Danforth Associate

Dr. Lillabelle Holt, assistant professor of early and middle childhood education at the Ohio State University Newark Campus has been invited to become a Danforth Associate.

Dr. Holt's appointment to the Associateship will become effective on Sept. 1, 1974. The Associate Program is one of the Danforth Foundations' efforts to recognize and encourage good teaching and humane values in the educational process.

Presently, 1,500 faculty members and their wives or husbands at over 750 colleges and universities in the United States participate in this program. All Danforth Associates are eligible to apply to the Associate Projects Fund for support of special programs.

Dr. Holt has been teaching at OSUN for four years. She earned her PH.D degree from Ohio University and is a resident of Newark.

STUDENT SENATE MEETING MINUTES APRIL 19, 1974

Dave Caldwell has resigned from the position of student senator. The Outstanding Student Committee, in a meeting Tuesday, April 16, narrowed their list of eligible students down to five. They are working on choosing an outstanding COTC student. Pauline Makos, Kirk Millemann, and Fred Davis are working with Dr. Barnes in connection with acquiring a first aid kit for the Newark Campus, and on the problem of extra homework being assigned over free days and holidays by instructors. A suggestion was made that bike racks were approved by the Civil Affairs Committee, in a meeting Milleman, and asked for volunteer help. The money will go towards the civil affairs committee announced that bike racks were approved at this time. The Outstanding Student Leader from both OSU and COTC will also be announced at this time. Everyone is welcome.

THREE FROM OSUN QUALIFY FOR HONORARY

Three freshman men from the Ohio State University Newark Campus have earned membership in Phi Eta Sigma, a national freshman men’s honorary fraternity.

The three men are: Paul Robert Barnes, a pre-dentistry major and graduate of Newark High School; Curtis Lee Robson, an Administrative Science major and graduate of Reynoldsburg High School; and Michael Leonard Rowe, a pre-Optometry major and graduate of Reynoldsburg High School.

All received a Phi Eta Sigma certificate of recognition and attended a banquet honoring Phi Eta Sigma members on the Columbus Campus.

Crisis Center Open House

The Newark Drug Forum-Crisis Center, 23, S. Third St. will hold its annual Open House on Sunday, May 5, from 1 to 4 p.m. The Open House will provide members of the community the opportunity to better understand the Crisis Center and its functioning. There will be staff members present at the Open House to answer any questions about the Center in detail.

A private, non-profit corporation, the Crisis Center was established in response to a growing community need for its unique services. Over 4,000 calls and 900 walk-ins are handled by the Center every year.

Eighty trained volunteers donate 6-10 hours per week and provide emergency assistance for all types of problems on a completely confidential basis. Through the resources of the Center, in depth training can be provided for specific groups with respect to drug abuse. These training programs are designed to meet the individual needs of the groups involved.

Any of the services offered can be obtained by contacting the Center at 344-1111.

WALK-A-THON

Many blistered and sunburnt people are stumbling around OSUN and other schools and businesses as a result of the fourth annual March of Dimes Walk-A-Thon. It really seemed easy the first 8-10 miles, but after that all the blood in your body is in your feet, and your feet know it. 4,309 people marched in the Walk-A-Thon, with Kenneth Hall and Curtis Lee Robson donating 6-10 hours per week and providing emergency assistance for all types of problems on a completely confidential basis.

Two trained psychologists, with extensive experience in working with drug related problems, are employed to provide individuals and families with counseling.

I Want

I want to be free.
I want to be happy.
I want to have a daughter.
I want to be married.
I want to be self-supporting.
I want to be rich.
I want my mother.
I want to travel.
I want to be married.
I want to own my own home.
I want to be loved.
I want to talk.
I want to feel secure.
I want to always be healthy.
I want to live.
I want to ride my bike.
I want people to like me.
I want to always see the sky.

What do you want as an individual? Whether you are male or female, you can find some of the answers Monday and Wednesday in room 101 at 1:00 pm. Come in and listen to speakers talk about you!

DEBBIE A. MASON

Beyond performances by some 30 groups and singles, and attendance by nearly 50,000 youngsters, very little was expected for the three-day Woodstock Festival, help in Bethel, New York in August of 1969. But there were vibrations; it might turn out big.

What actually happened marks one of the major cultural events of our time. A half-million young adults clogged the highways of the Catskills on a pilgrimage to hear their kind of music and to be with their kind of people. Declared a disaster area by various communications media, Woodstock was, to those present, the ultimate expression of peace and togetherness.

 Warner Bros.' Academy-Award-winning feature, “Woodstock,” is the filmed record – a musical, sociological and even political documentary – that triumphantly captures the mind-blowing events and pulsating music marking this unique demonstration of Aquarian unity.

The three-hour musical marathon uses advanced sound and film-making techniques to highlight rock artist Joe Cocker; Crosby, Stills and Nash; Arlo Guthrie; Jimi Hendrix; Santana; Shana-na; Sly and the Family Stone; Ten Years After; The Who; Joan Baez; Country Joe and the Fish; Richie Havens; and John Sebastian. Michael Wadleigh directed and Bob Maurice produced “Woodstock.”

“Woodstock” will be shown on May 10 (Free Day) at 8:00 p.m. in the auditorium. Tickets are $1 and are available at the Business office.

HELP SAVE A PEOPLE

I urge students to skip one or all of their meals on May 2 and donate the money thus saved to feed the people who are suffering in the sub-Saharan African drought.

Even in the best of times the countries south of the Sahara Desert are among the poorest in the world. In Mauritania, Senegal, Niger, Upper Volta, Mali, Chad, Sudan, and Ethiopia the rains have failed for the last eight years. Scientists estimate that the Sahara is expanding into these countries at the unprecedented rate of 30 miles per year. Literally millions have died of starvation. Millions are starving now. Agriculture has come to a stop.

You can help! I will accept donations on May 2 in room 183. Collection hours will be 8-9, 10-12:30, 1:30-2:30, and 4-5. No donation is too small.

The money collected will be sent to The American National Red Cross and Care. None of the money will be used for administration purposes. The funds will be used immediately for food, family planning, medical assistance, agriculture training programs, water resource management, and for credit to help farmers build the sound and sustainable agriculture so urgently needed in these developing countries.

The student activities board conducted a budget meeting April 25 to conduct a preliminary study of Newark Campus organizations expenditures for the past year and to examine next year's proposed budget.

Even though the meeting was held in a different room than was announced, quite a number of interested students managed to find it and attend.

James Russell, who presided over the meeting, gave each of the board members a folder containing budget information for past, present and future years. Participation in the discussion was somewhat hindered by the fact that although Mr. Russell had invited members of every Newark Campus organization to attend, as well as the entire student senate, only the board members themselves received the folders.

Being only a preliminary study however, nothing was definitely decided on anyway.

At press time there was another meeting scheduled for 1:00 April 30. We hope to have more information in our next issue.

Eulogy to a Naughty Buzzard

Once upon a time there was a buzzard
Who would not eat his peas.
He would not eat his custard
And he hung around with fleas.

At night he would not say his prayers
Before he went to bed;
When morning came he bit the chairs
And stood upon his head.

He gave them no respect.

He gave them no respect.

He died one night in misery,
His body ever thinner.

He's now known to history
As just another poem.
WHAT IS AN ORC?

When I was young and innocent, (that's the equivalent of long ago and far away or once upon a time) I used to think it was an invasion when the "Green Wave" came down from Nerk to annihilate my high school team in football or basketball. I also thought that epidemic meant flu or syphilis. Then I learned.

Invasions do come from Nerk, as do epidemics, but I speak of neither "Green Waves" nor disease. The invading epidemic is a strange germ, designated by the name of Orc-el Staph.

Orc-el Staph seem to be hardy creatures, despite their characteristics of greenly infected throats and-or yechy lungs.

The Orc disease is impossible to catch. The Orc-el Staph catches you. They've even been known to pursue victims over long distances by bicycle. Symptoms of this epidemic have been known to include bouncing up and down on beds, extreme dizziness incurred from too much basking, ecstatic happiness, and sudden interest (or renewal of interest) in perverted things. One form of Orc-el Staph is particularly strange, and has repeatedly been called "amazing". Under certain circumstances, the term "delightful" have even been used.

Orc-el Staph lives, works (occasionally), and does perverted things (often), in the city of Nerk; but they have been known to spread to Lancaster and other cities. Those touched by Orc-el seldom retain any degree of innocence (or sanity either, for that matter). That's how I know about epidemics and such.
