Hog Creek Review

Your spare key is under the little gnome that is missing his left arm. I love you too much to have you left out in the cold ☺
-Kevin

Kevin!!!! You are the light of my life! I left this note for when we get back from our honeymoon, I LOVE YOU!!! -Bella <3

The chili is waiting for you in the fridge. I kept the onions out so you don't have another allergic reaction. LOVE YOU.

Don't forget that this Thursday is date night. I forgot to tell you that it's a double date with the Johnsons. Wear the striped tie, the one w/o the stains, okay? Xoxo Bella

Hello, darling...I bought you that heart necklace that you were looking at in the shop the other day. It's in front of your jewelry box. Would you do me the honor of wearing it tonight to dinner? -Kevin

HONEY DO LIST:
Sweep under the rug
Buy groceries (organic when possible)
Clean beard out of sink (please)
Take out the trash

Bella, sweetie... I need you to take out the trash tonight. Can you manage that for me? I'll be staying late at work and since you don't have a job...
-K

*I'll be out with the girls tonight!! Don't worry about me, I've got my little Taser strapped against my thigh;) Keep an eye on your phone, please!!! I LOVE YOU
-B*

*I'm getting my ring resized, Kevin. I didn't want you to wonder why my ring isn't on my finger....I love you.
-B*

I found your wedding ring in one of your drawers, earlier. Why aren't you wearing it? Where are you going that you need to take off your ring? I'm not mad...I'm sure you have a reason....-K

Kevin would you please clean up your beard from the counter... Those little hairs on the sink haunt me. It's gross. Clean it up. Please. -B

I thought we discussed that since I work full time that you would keep the house clean? If you don't like the suggestion... we could always find you a job. You could help pay the rent, wouldn't that be fun? -K

Kevin, you know I have a condition and can't work because of the stress. Don't make excuses to get angry with me, let's talk about it over dinner this weekend. -B

Jill from work called. She said that you needed to stay late at work this weekend. We'll have to cancel our dinner plans...
-B

You haven't been home yet since Saturday, I'm really worried. I've left this note in case you arrive home before I do. CALL ME -B

Darling, it has only been a day...I don't see why you worry the way you do. It must be affecting your blood pressure. I'm staying late at work again tonight, I love you
-K

JILL called again...Why is your secretary calling and not your boss? I just...I miss you. I feel like I never see you anymore...
-B

You piece of shit. I had come home early from the spa and Jill stopped by the house wearing only a trench coat. If you're reading this note right now, YOU BETTER FUCKING LEAVE THE HOUSE

I snuck into the house while you were out so I could get a few of my things. I'm going to stay with my cousin, you know, the bachelor? I'll be out with Jill later, too. Don't bother leaving another fucking note. I'm glad you know now.
-K

I snuck into the house again...You aren't answering my phone calls...I can't put into words how deeply sorry I am but please, please leave my 50 inch TV out of this. Where have you put it? I can't find my table either ...My goldfish is gone...Be reasonable, Bella

If you sneak into the house again, I will kill you.
