**ACCOUNT INFORMATION:** OSTLJ requires receipt of notification of any changes to account information (i.e., address change) at least thirty days prior to date of the next issue with which that change is to take effect. In order to help facilitate an immediate update of account information, please visit the OSTLJ website or send a written notification to OSTLJ.

**SUBMISSIONS:** OSTLJ is devoted to publishing outstanding research and writing that addresses the legal and policy aspects of e-government and e-democracy, cybersecurity, online privacy and public information policy, e-commerce, information technology and economic development, telecommunications regulation, or any other aspect of the social, economic, political, or cultural implications of technology. We welcome submissions from all relevant disciplines, including law and business, engineering and science, the social sciences, and the humanities—so long as the manuscript addresses its topic in its legal or policy aspects.

Volumes 1-10 of OSTLJ comprise three issues per volume. OSTLJ now publishes two issues per volume, beginning with Volume 11, although occasionally as a double issue. One issue is devoted to papers presented at the previous year's annual symposium, focusing on a major issue or theme at the intersection of law, policy, and new information, communication and computing technologies. The other issue includes the very best of the unsolicited manuscripts we receive on subjects within the OSTLJ subject matter domain.

OSTLJ welcomes unsolicited manuscripts in several categories: full-length research articles; shorter, less formal commentaries that address cutting-edge policy topics related to technology and society, student research, responses, and book reviews.

Because our examination of unsolicited manuscripts entails a substantial review, it is helpful if manuscripts proposed for publication in any given academic year reach us in the main publication review cycles: February and August. Inquiries concerning format, topic, or anything else may be forwarded at any time.
