Arts and the Engineer--- <i>J. M. Weed</i>	20
Big Telescope Discs Made Here	21
Campus Notes	22
Alumni Notes	24

The WORLD'S WORD for
ELEVATOR SAFETY

The WORLD'S WORD for
ELEVATOR SAFETY

EIFFEL TOWER

*Most of the famous buildings in the world
are equipped with Otis Elevators*

THE EIFFEL TOWER lifts its head nearly one thousand feet above the city of Paris. Countless people have made the trip to the top to see the glory that was, and is and always shall be—Paris.

Millions have seen the Eiffel Tower! Many more millions have read of it, yet comparatively few know that this—the tallest structure in the world—is served by Otis Elevators.

It could hardly be otherwise. The name "Otis" epitomizes the very beginnings and also the latest, greatest achievements in vertical transportation.

OTIS ELEVATOR COMPANY

The Jeffrey Single Roll Crusher Reduces Run-of-Mine and Lump Coal to Stoker size in single operation.

The Jeffrey Pivoted Bucket Carrier is the result of 20 years of operating and field experience in building Coal and Ashes Handling Equipments to meet all conditions.

JEFFREY

**COAL CRUSHING AND
HANDLING MACHINERY**

Plays an essential part in efficient Boiler Plant Equipment. Production depends on power just as long as it has proper fuel and an adequate conveying system for bringing it from the cars to the Stoker.

Catalogs on Jeffrey Elevating, Conveying, Crushing, Pulverizing, and Coal Mining Machinery will be gladly sent to Ohio State Students and Alumni upon request.
