JOINT ADMINISTRATIVE BOARD

For Ohio State University: Bernard S. Meyer, Edmund M. Spieker
For Ohio Academy of Science: William C. Beaver, Wilbur M. Tidd

Published jointly by the Ohio State University and the Ohio Academy of Science

MANUSCRIPTS. The Ohio Journal of Science accepts manuscripts on any scientific subject from contributors living anywhere in the world. The manuscripts may be reports of recent research, review or expository articles, or part of a symposium on a subject of general scientific interest. All manuscripts are subject to approval by the editorial staff.

Manuscripts should be typewritten, double-spaced, on one side of 8 1/2" x 11" paper with pages numbered consecutively. Underline words to appear in italics. Tables and explanations of figures should be on separate pages at the end. Tables should be referred to in text as "table 1" or "(table 1)"; figures should be referred to in text as "figure 1" or "(fig. 1)." Footnotes should be avoided by enclosing the note in parentheses in the text or by referring to literature cited. References or literature cited should be typed to conform with the following example and referred to in text as Paterson (1940) or (Paterson, 1940). Paterson, J. S. 1940. Antigenetic structure of organisms of the genus Listerella. J. Path. Bact., 51: 427-436.

Illustrations may be either photographs or line drawings and should be sent with the manuscripts if possible. All illustrations are referred to as "figures." Each figure or collection of figures in a plate should be identified along the bottom edge with author's name, figure number, and size after reproduction, and on the back with author's name and title of manuscript. Figures should be identified by unique consecutive numbers. Explanations of figures should be typed on separate sheets of paper included with manuscript, not affixed to the figures. If magnifications are stated, they should apply to the reduced figures. The cost of halftones and zinc etchings will be borne by the journal. Use of illustrations not original with the author must bear permission for use and credit to the originator. Figures should be planned so that after reduction they will occupy the width of the page (4 1/2") and any portion of the length (7 3/4").

REPRINTS. A price list for reprints and an order form are sent with proof.

SUBSCRIPTIONS. Annual subscription, $4.00, (foreign countries $4.50). Single numbers, $1.00. One volume appears each year and contains six numbers. The Ohio Journal of Science is sent without additional expense to all paid-up members of the Ohio Academy of Science.

MAILING ADDRESS. All manuscripts, illustrations, proofs, and correspondence dealing with editorial matters should be addressed to the editor, Dr. Earl L. Green, Botany and Zoology Building, The Ohio State University, Columbus 10, Ohio. All remittances and correspondence dealing with subscriptions and other business matters should be addressed to the business manager, Dr. Richard A. Popham, Botany and Zoology Building, The Ohio State University, Columbus 10, Ohio. Failure to receive any number of the Journal must be reported within three months of date of issue if claim is to be recognized.

Printed in the United States of America by The Spahr & Glenn Co., Columbus, Ohio
