INSTITUTION AND CORPORATION MEMBERS
OF
THE OHIO ACADEMY OF SCIENCE

The Ohio Academy of Science wishes to take this opportunity to acquaint the membership with the following Corporation and Institution Members. The membership should be aware of the vital role played by these corporations and institutions in aiding the Academy to subsidize research, to disseminate newly discovered scientific information through its Ohio Journal of Science, and to support the work of the Junior Academy. The annual membership fee of $25.00 paid by each of these corporations and institutions has allowed the Academy to expand its enormously successful Junior Academy program which is directed toward interesting and encouraging high school students in scientific careers.

The Academy and its agencies, the Junior Academy, and The Ohio Journal of Science thank these corporation and institution members for their continued interest and financial assistance.
