Back Matter
The Ohio Academy of Science wishes to take this opportunity to acquaint the membership with the following Corporation, Institution and Foundation Members. The membership should be aware of the vital role played by these groups in aiding the Academy to subsidize research, to disseminate newly discovered scientific information through its Ohio Journal of Science, and to support the work of the Junior Academy. The $100.00 or more contributed by each of these organizations has allowed the Academy to expand its enormously successful Junior Academy program which is directed toward interesting and encouraging high school students in scientific careers.

The Academy, the Junior Academy, and The Ohio Journal of Science thank the following members for their continued interest and financial assistance.

**INSTITUTION MEMBERS**
*Antioch College*  
*Battelle Memorial Institute*  
*Bowling Green State University*  
*Case Institute of Technology*  
†Columbus Technical Council
