HOUSING OFF CAMPUS
ATI Student Services Can Help

If you are like most ATI students, this September will be your first experience living away from home. Finding a place to live is probably on the top of your list of things to do this summer. The ATI Student Services Office wants to help.

Student Services compiles a listing of off-campus housing and makes it available to admitted students during their Testing/Scheduling Program. This compliation of rooms, apartments and houses for rent may also be requested by mail. The listing is continuously updated through the first day of autumn quarter classes. Additional off-campus listings are available in the Daily Record, the Wooster newspaper, and from several local real estate agencies. Time will be identified during your Testing Day to get further help and information.

IMPORTANT DATES

June 20, 1985 - State 4-H Conference
June 24, 1985 - First Summer Term
July 4, 1985 - Independence Day
July 19, 1985 - Testing/Scheduling Day

NEW ACTIVITIES CENTER
. . . Ground Breaking Fall 1984
. . . Grand Opening Fall 1985

For years, the construction of and the completion of the $1.7 million ATI Student Activities Center seemed more fantasy than fact. However, we are pleased to announce we are "anticipating beneficial occupancy of the building in late September to mid-October". A formal dedication will be held in late October. The details of the dedication will be finalized at a later date.

Fritz Riebe, Student Activities Director, has completed and submitted a basic operational plan. The most urgent need now is to complete the ordering of movable equipment which will be used in the new facility.

The central area of the building will be a college-size basketball court with folding bleachers. This will be the home court for the newly named ATI "Mustangs". Currently the basketball "Mustangs" have a 14 game schedule: 11 home and 3 away.

The new court will be marked to accommodate other activities such as volleyball and badminton. Two racquetball courts, a fully equipped exercise room, locker rooms, offices and a food vending occupy the front portion of the building.

A Beekeeping Laboratory, to be built at the same time, will be attached to the Activities Center. Other parts of the Phase III construction include a new Dairy Facility, a Horse Breeding Laboratory and improvements to the existing buildings. Construction on these facilities will hopefully be completed by mid-summer 1986.

Meet ATI Student Services...they have the answers!

Gordon C. Warnes
Assistant Director

Virginia Knowlton
Counselor

Charlotte Marsh
Secretary

Completing the on-campus conference, going through the admissions process and obtaining financial aid can sometimes be a bit confusing. When questions arise, chances are one of the Student Services staff members shown will have the answers. Here are two of the most frequently asked questions about scheduling and financial aid.

Q. **Okay! So I've already been admitted and paid the acceptance fee. When and how do I schedule my classes?**

A. Students who are required to participate in a ONE DAY ATI Testing/Scheduling Program will receive an invitation to participate in the Program after paying the acceptance fee. Following completion of the appropriate tests (for placement and counseling purposes only), students will meet with faculty advisors in order to plan their Autumn Quarter schedule of classes. Transfer students (from other colleges) not required to test should contact their program advisor when they receive their Registration Form (for scheduling) in the mail.

Q. **When do I hear about financial aid?**

A. Due to the expected decrease in student financial aid funding, we certainly hope that you submitted the Financial Aid Form (FAF) and the OSU Scholarship and Financial Aid Application at an early date. Reports on your eligibility for the Ohio Instructional Grant (for Ohio residents) and the federal Pell Grant (formerly BEOG) are sent to you separately from University-based aid. If you are eligible for either/both of these grants, please forward the appropriate forms immediately to the ATI Student Services Office. Applicants should expect to receive official notification of eligibility for all the various financial aids in August. Only ADMITTED students are considered for financial aid.

If you have any questions or concerns regarding any of the above subjects, please feel VERY WELCOME to call the ATI Student Services Office, (216) 264-3911 or Toll Free 1-800-647-8283.
