Front Matter
Relationships of Middle Silurian Strata in Ohio and West Virginia  Allan L. Horvath  321
Summary of Ohio Tornadoes  Marvin E. Miller  343
Nesting Success of the Bluegill, \textit{Lepomis macrochirus}, Rafinesque, In a Small Ohio Farm Pond  Frederick Stevenson, Walter T. Momot and Frank J. Svoboda, III  347
Chilling and Translocation Inhibition  Donald R. Geiger  356
Variations in the Appearance of Human Elastic Cartilage  Martha E. (Welch) Sucheston and Marvin S. Cannon  366
Growth of Earth Science in the Secondary Schools in Ohio  Ray Skinner, Jr.  371
An Antlered Female Deer (\textit{Odocoileus virginianus}) From Ohio  Charles M. Nixon  376
Formation of Cupric Furoate Crystals in Silica Gels  Philip F. Kurz  378
Book Reviews  355, 379, 380
Statement of Ownership  381
Index to Volume 69  381
THE OHIO JOURNAL OF SCIENCE

Published jointly by The Ohio State University and The Ohio Academy of Science.

JOURNAL STAFF

JANE L. FORSYTH..................Editor-in-Chief
EMANUEL D. RUDOLPH............Book Review Editor

JOINT ADMINISTRATIVE BOARD

For The Ohio State University:Earle R. Caley, Carroll A. Swanson
For The Ohio Academy of Science:Douglas H. MacKenzie, William A. Rice
Secretary-Treasurer to the Board:George H. Crowl

EDITORIAL ADVISORY COMMITTEE

Zoology: David H. Stansbery
William B. Jackson

Plant Sciences: Robert S. Platt, Jr.

Geology: Richard D. Hoare

Medical Sciences: Sue L. Mayer

Physics: Edgar B. Singleton

Chemistry: Ivan E. Den Besten

Anthropology: Raymond S. Baby

MANUSCRIPTS: The Ohio Journal of Science considers manuscripts on any scientific subject from contributors anywhere. The manuscripts may be papers or notes on recent research or symposia on subjects of scientific interest. Every paper is critically reviewed by at least one and usually two reviewers, and is subject to the approval of the editorial staff. Two copies each, of manuscript and figures, should be submitted to the Editor. A carbon copy should be retained by the author for reading the galley proof. Galley proof and engraver’s proof but not original manuscript will be sent to authors. See past numbers of the Journal and the Style Manual for Biological Journals for detailed instructions concerning the preparation of manuscripts.

REPRINTS: A price list for reprints and an order form are sent with proof. Authors should allow about sixty days after publication for receipt of reprints.

SUBSCRIPTIONS: Annual subscription $8.00 (foreign countries, $8.50). Single numbers: current volume, $1.50, back issues, $2.00. Issued bimonthly January to November, six issues per volume. The Ohio Journal of Science is sent without additional expense to all paid-up members of The Ohio Academy of Science.

MAILING ADDRESSES: The editorial offices of The Ohio Journal of Science are at the Geology Department, Bowling Green State University, Bowling Green, Ohio 43402. All manuscripts, illustrations, proofs, and correspondence dealing with editorial matters should be addressed to the editor, Dr. Jane L. Forsyth, at this place. All correspondence dealing with subscriptions, changes of address, requests for old issues, and all remittances should be addressed to the Central Office of The Ohio Journal of Science at 505 King Avenue, Columbus, Ohio 43201. Failure to receive any number of the Journal must be reported to this office within three months of date of issue if claim is to be recognized. All correspondence dealing, with the matters of business policy should be addressed to the Secretary-Treasurer, Dr. George H. Crowl, Department of Geology, Ohio Wesleyan University, Delaware, Ohio 43015. Office of the Book Review Editor: Botany Department, The Ohio State University, 1735 Neil Avenue, Columbus, Ohio 43210.

Printed by the Spahr & Glenn Company, Columbus, Ohio, U. S. A.

Entered as second-class matter November 1, 1915, at the post office at Columbus, Ohio under the Act of March 3, 1879.

Date of Issue—December 23, 1969

THE OHIO JOURNAL OF SCIENCE
Is published jointly by The Ohio State University and
The Ohio Academy of Science
CONTENTS OF VOLUME 69

NUMBER 1—JANUARY
SYMPOSIUM—RAMPANT REPRODUCTION AND RENEWABLE RESOURCES

Foreword ......................................................................................................................... 1
Population Growth, Economic Development, and Population Control Programs
Kent P. Schwirian ........................................................................................................... 2
Resources Management—Whose Responsibility? ......................................................... 7
Louis S. Clapper ............................................................................................................... 7
The Impact of Human Populations on Natural Resources ........................................... 11
Paul B. Sears ................................................................................................................. 11
The Ethics of Survival ..................................................................................................... 15
Roland C. Clement ......................................................................................................... 15

Studies with 60Co-Radiated Guar (Cyamopsis tetragonoloba (L.) Taub) .... Baldev K. Vig 18
A Small Late Woodland Hearth Near Pioneer, Ohio ..................................................... 31
Jane L. Forsyth ............................................................................................................... 31
Observations of the Parasites (Hymenoptera, Diptera) of Trichotaphe levisella Fyles
(Gelechiidae, Lepidoptera) With Notes on the Host ..................................................... 36
W. V. Balduf ................................................................................................................. 36
Ligand Field Spectra in Metaphosphate Glasssen ....... David P. Dingledy and Charles A. Cowen 52
A Statistical Analysis of Blackbird Aggressiveness ...................................................... 58
Harold E. Burtt and Maurice L. Gilz ............................................................................ 58
A List of Reviewers of Papers Appearing in The Ohio Journal of Science During 1968... 63

Date of Issue February 18, 1969

NUMBER 2—MARCH

Man's Influence on Lake Erie ......................................................................................... 65
Jacob Verduin .................................................................................................................. 65
Sexual Dimorphism in Neutral Lipid Metabolism in the Indian-Meal Moth, Plodia interpunctella (Hübner) .......................................................... William J. Yurkiewics 70
Histogenesis of the Proventricular Submucosal Gland of the Chick As Revealed by Light
and Electron Microscopy .............................................................................................. 74
Dale S. Thomson .......................................................................................................... 74
Observations on the Biology of the Variegated Darter, Etheostoma variatum (Kirtland)
Bruce May ...................................................................................................................... 85
Efficiency Determinations for a Ge(Li) Detector ......................................................... 92
G. Tokcan and C. R. Cohern ......................................................................................... 92
The Effects of Size of Sampling Area and Dilution on Leucocyte Counts in a Hemocytometer
James M. Ramsey ......................................................................................................... 101
Studies on Saprolegniaceous Filamentous Fungi ......................................................... 105
Charles E. Miller and Bosiljka Ristanovic ................................................................ 105
Measurement of Complacency in Blackbirds ............................................................... 109
Harold E. Burtt and Maurice L. Gilz ............................................................................ 109
Studies of the Mexican Deltocephalinae II Seven New Species of Norvellina (Homoptera:
Cicadellidae) ................................................................................................................... 115
James P. Kramer and Dwight M. DeLong ................................................................ 115
Effects of Photoperiod and Size of the Oxygen Consumption of the Dusky Salamander,
Desmognathus fuscus ................................................................................................. 121
Stephen C. Wood and Lowell P. Orr ........................................................................... 121
Book Reviews ................................................................................................................ 73, 84, 100, 104, 114, 125, 126, 128

Date of Issue April 28, 1969

NUMBER 3—MAY

Studies of the World Gyponinae (Homoptera: Cicadellidae)
A Synopsis of the Genus Clinonaria ............... Dwight M. DeLong and Paul H. Freytag 129
Alkaline Phosphatase in the Digestive System of the Desert Locust, Schistocerca gregaria
(Forskal) ........................................ Shahid H. Ashrafi, S. N. H. Naqui, and M. A. H. Qadri 183
Book Reviews .............................................................................................................. 191-192

Date of Issue June 16, 1969
NUMBER 4—JULY

Effect of Industrial Pollution on the Aquatic and Shore Angiosperm Flora in the Ottawa River, Allen and Putnam Counties, Ohio. Ronald L. Stuckey and W. Alan Wentz 226
Histology and Histochemistry of the Capsule of Proteocephalus sp. (Cestoda) in Lepomis macrochirus. Raymond C. Bowen 243
The Ohio Academy of Science—Officers—Necrology. 247
Book Reviews. 213, 242, 255–6

Date of Issue August 15, 1969

NUMBER 5—SEPTEMBER

A Vascular Flora of Winous Point, Ottawa and Sandusky Counties, Ohio. Richard M. Lowden 257
Distribution of the A and B Cells and of the Islets (Langerhans) in the Duck Pancreas. Robert D. McClish and John A. Eglitis 285
Adapting a Standard Thin-Layer Chromatography Apparatus for Laboratory Use. James R. Wells 293
The Influence of Light and Temperature on Body Fat and Reproductive Conditions of Rana pipiens. Fred J. Brenner and Patricia E. Brenner 305
Foods Eaten by a Beaver Colony in Southeast Ohio. Charles M. Nixon and James Ely 313
Book Reviews. 284, 320

Date of Issue September 12, 1969

NUMBER 6—NOVEMBER

Relationships of Middle Silurian Strata in Ohio and West Virginia. Allan L. Horvath 321
Summary of Ohio Tornadoes. Marvin E. Miller 343
Nesting Success of the Bluegill, Lepomis macrochirus, Rafinesque, In a Small Ohio Farm Pond. Frederick Stevenson, Walter T. Momot and Frank J. Stoboda, III 347
Chilling and Translocation Inhibition. Donald R. Geiger 356
Variations in the Appearance of Human Elastic Cartilage. Martha E. (Welch) Sucheston and Marvin S. Cannon 366
Growth of Earth Science in the Secondary Schools in Ohio. Ray Skinner, Jr. 371
An Antlered Female Deer (Odocoileus virginianus) From Ohio. Charles M. Nixon 376
Formation of Cupric Furoate Crystals in Silica Gels. Philip F. Kurz 378
Book Reviews. 355, 379, 380
Statement of Ownership. 381
Index to Volume 69. 381
