

# AUSTRALASIAN ANTARCTIC EXPEDITION.

---

## SCIENTIFIC RESULTS

# METEOROLOGY.

## RECORDS OF THE MACQUARIE ISLAND STATION.

---

### CONTENTS.

#### INTRODUCTORY REMARKS.

	PAGE.
1. Relating to the Reduction and Tabulation of the Meteorological Records of the Expedition: By <i>B. W. Newman</i> ... ..	11
2. The Location and Lay-out of the Macquarie Island Station: Notes by <i>D. Mawson</i> ... ..	13

#### TABLE I—ATMOSPHERIC PRESSURE.

Hourly Values, Jan., 1912–Nov., 1913: Recorder <i>G. F. Ainsworth</i> ... ..	15
„ „ Dec., 1914–Nov., 1915: Recorder <i>A. C. Tulloch</i> ... ..	62

#### TABLE II—AIR TEMPERATURE.

Hourly Values, Jan., 1912–Nov., 1913: Recorder <i>G. F. Ainsworth</i> ... ..	87
„ „ Dec., 1914–Nov., 1915: Recorder <i>A. C. Tulloch</i> ... ..	134

#### TABLE III—RELATIVE HUMIDITY.

Hourly Values, Jan., 1912–Nov., 1913: Recorder <i>G. F. Ainsworth</i> ... ..	159
„ „ Dec., 1914–Nov., 1915: Recorder <i>A. C. Tulloch</i> ... ..	206

TABLE IV—VAPOUR PRESSURE.

	PAGE.
Hourly Values, Jan., 1912–Nov., 1913 : Recorder <i>G. F. Ainsworth</i> ... ..	231
"    "    Dec., 1914–Nov., 1915 : Recorder <i>A. C. Tulloch</i> ... ..	278

TABLE V—WIND VELOCITY AND DIRECTION.

Hourly Values, Jan., 1912–Nov., 1913 : Recorder <i>G. F. Ainsworth</i> ... ..	304
"    "    Dec., 1914–Nov., 1915 : Recorder <i>A. C. Tulloch</i> ... ..	328

TABLE VI—PERCENTAGE FREQUENCY, WIND DIRECTION AND MEAN VELOCITY  
EACH DIRECTION.

Values at 9 a.m., noon, 3 p.m., 6 p.m., and 9 p.m., Jan. 1912–Nov., 1913 :	
Recorder <i>G. F. Ainsworth</i>	354
"    "    "    "    Dec., 1914–Feb., 1915 :	
Recorder <i>A. C. Tulloch</i>	366
Hourly Values, March, 1915–Nov., 1915 : Recorder <i>A. C. Tulloch</i> ... ..	368

TABLE VII—MONTHLY SUMMARY OF PERCENTAGE FREQUENCY, WIND DIRECTION  
AND MEAN VELOCITY FOR EACH DIRECTION.

The 9 a.m., noon, 3 p.m., 6 p.m., and 9 p.m. observations for years 1912–13 :	
Computed by <i>B. W. Newman</i> ... ..	377
Hourly Values for year 1915 : Computed by <i>B. W. Newman</i> ... ..	380

TABLE VIII—SUNSHINE RECORDS:

Two-hourly Values, Jan., 1912–Nov., 1913 : Recorder <i>G. F. Ainsworth</i> ... ..	383
"    "    Dec., 1914–Nov., 1915 : Recorder <i>A. C. Tulloch</i> ... ..	402

TABLE IX—CLOUD TYPES AND DIRECTIONS.

The 9 a.m., 3 p.m., and 9 p.m. observations, Jan., 1912–Nov., 1913 : Recorder	
<i>G. F. Ainsworth</i> ... ..	416
The 9 a.m., noon, and 3, 6, and 9 p.m. observations, Dec., 1914–Nov., 1915 :	
Recorder <i>A. C. Tulloch</i> ... ..	439

TABLE X—ADDITIONAL OBSERVATIONS.

Daily Records, Jan., 1912–Nov., 1913 : Recorder <i>G. F. Ainsworth</i> ... ..	451
"    "    Dec., 1914–Nov., 1915 : Recorder <i>A. C. Tulloch</i> ... ..	473

## TABLE XI—DAILY WEATHER SUMMARIES.

	PAGE.
Daily Summaries, Jan., 1912–Nov., 1913 : Recorder <i>G. F. Ainsworth</i> ... ..	488
„ „ Dec., 1914–Nov., 1915 : Recorder <i>A. C. Tulloch</i> ... ..	511

## TABLE XII—DAILY SYNOPSSES FROM “ WIRELESS ” REPORTS.

Records, Dec., 1913–Nov., 1914 : Recorder <i>H. Power</i> ... ..	523
--	-----

## TABLE XIII.

Records made at Lusitania Bay, Aug., 1912–Jan., 1913 : Recorders <i>L. R. Blake</i> , and <i>H. Hamilton</i> ... ..	357
--	-----

## TABLE XIV.

Odd Records from Elevated Stations : Recorder <i>L. R. Blake</i> ... ..	543
---	-----

## TEXT FIGURES.

Fig. 1.—General Map of Macquarie Island ... ..	12
Fig. 2.—Large-scale Map of the north end of Macquarie Island featuring the neighbourhood of the Meteorological Station ... ..	13

## PLATES.

## PLATE I.

Fig. 1.—George F. Ainsworth at the door of the Expedition hut at the Macquarie Island Station. He was Meteorologist-in-Charge from December, 1911, to December, 1913. Photo by *P. Correll*.

Fig. 2.—The Commonwealth Government party that manned the Station from December, 1914, to December, 1915. On the left Mr. A. C. Tulloch, the Meteorologist-in-Charge. In the centre is Mr. F. J. Henderson, wireless operator, who was then spending his second year at the Station. Photo by *F. J. Henderson*.

## PLATE II.

Fig. 1.—The Commonwealth party that manned the Station from December, 1913, to December, 1914. In the centre is Harold Power, Meteorologist-in-Charge, who after successfully completing the year at the Island lost his life in the foundering of the vessel during the return voyage. On the left is F. J. Henderson, wireless operator. Photo by *A. C. Sandell*.

Fig. 2.—Cloud “tablecloth” spread over the highlands of Macquarie Island. Photo by *D. Mawson*.

## PLATE III.

PAGE.

Fig. 1.—Looking north from the slopes of “ Wireless ” Hill across the spit to the main land mass of the Island. Photo by *F. Hurley*.

Fig. 2.—The Expedition Hut and vicinity at the north end of the spit, looking north-west from the slopes of “ Wireless ” Hill. Photo by *P. Correll*.

## PLATE IV.

Fig. 1.—The Wind-recording instruments installed on the spit, Macquarie Island. Photo by *L. R. Blake*.

Fig. 2.—The Meteorological Screen installed on the spit, Macquarie Island. Photo by *L. R. Blake*.
