## Information Concerning the OSUWPL

The Working Papers in Linguistics is an occasional publication of the Department of Linguistics of the Ohio State University and usually contains articles written by students and faculty of the department. There are generally one to three issues per year. Information about available issues appears below. Numbers 1, 5, 10 and 23 are out of print and no longer available.

There are two ways to subscribe to WPL. The first is on a regular basis: the subscriber is automatically sent and billed for each issue as it appears. The second is on an issue-by-issue basis: the subscriber is notified in advance of the contents of each issue, and returns an order blank if that particular issue is desired.

## Foreword

This volume includes papers that take an experimental approach to issues in linguistics. It is the third of a series of progress reports from the Linguistics Laboratory (see OSUWPL No. 36 and No. 38.) All papers were presented at meetings of the Acoustical Society of America between 1989 and 1991. We are very grateful to Eliza Segura-Holland for her help in proof-reading the English and in making the final layout. We also would like to thank Mary Beckman, Gayle Ayers, Stefanie Jannedy, Andreas Kathol and Jennifer Venditti for their physical and emotional support. Many aspects of the experiments and of the production of this volume were supported by the National Science Foundation under grants IRI-8617852 and IRI-8858109 to Mary Beckman.
