### EDITORIAL POLICY

*THE OHIO JOURNAL OF SCIENCE* considers original contributions from members and non-members of the Academy in all fields of science. Special consideration will be given to Ohioana. Submission of an article is understood to mean that the article is original and unpublished and is not being considered for publication elsewhere. All manuscripts will be critically reviewed. It should be understood that the opinions expressed by the reviewers are their own, and do not represent the views of the Ohio Academy of Science or *THE OHIO JOURNAL OF SCIENCE*. Manuscripts and illustrations should be prepared in triplicate in accord with instructions published in at least one issue each year and submitted to Dr. Lee A. Meserve, Editor, *THE OHIO JOURNAL OF SCIENCE*, Department of Biological Sciences, Bowling Green State University, Bowling Green, OH 43403.

Publication in *THE OHIO JOURNAL OF SCIENCE* requires consideration of editorial costs. These will be assessed at \$70 per page for members and \$105 per page for non-members. Papers in excess of 12 printed pages may be charged full production costs. A page charge bill will be sent by the Ohio Academy of Science at the time of publication.

Unsupported authors may request a waiver of page charges and will be asked to supply statements from their supervisor (department chairman, their adviser in the case of graduate students, and dean) that institutional and grant funds are not available. The Academy can only subsidize a few papers per year.

Failure to receive any number of the *JOURNAL* must be reported to the Ohio Academy of Science within six months of the date of issue for the claim to be recognized.
