Appears in Collections: [Ohio State Engineer: Volume 11, no. 4 \(February, 1928\)](#)

ELECTRICAL ENGINEERING

John M. Dunham, '24, is now with the Development and Research Department of the American Telephone and Telegraph Company at New York.

J. W. Wildermuth, '18, is connected with the Fairfield Sheet Glass Company, a subsidiary of the Libby-Owens Sheet Glass Company, and is located at Lancaster, Ohio. Although he graduated in Electrical Engineering, Mr. Wildermuth's principal work has been in connection with the development of glass-making machinery and its operation.

F. L. Haushalter, '17, has recently been made Development Engineer with the Goodrich Rubber Company at Akron. He is specializing in the application of rubber in connection with mechanical equipment.

E. L. Hall, '18, is in the Radio Laboratory of the Bureau of Standards at Washington. He is in charge of radio-frequency standards and was recently for a time Acting Section Chief.

F. N. Craft, '05, formerly with the Ohio Bell Telephone Company at Cleveland, is now Chief Engineer of the Southern Bell Company. He is located at Atlanta, Ga.

H. L. Hope, '05, who has been with the Western Electric Company and other telephone organizations since his graduation, has been made Superintendent of Equipment Engineering with the Western Electric Company at Hawthorne, Chicago. This company manufactures nearly all the telephone equipment used by the Bell System. Mr. Hope recently paid a visit to the Campus in the interest of closer co-operation by his company with the educational work of the University.

A. H. Mellinger, '05, who has been with the New York Telephone Company since his graduation, has been promoted to the important position of Plant Manager of the Manhattan District. All of the indoor telephone equipment in Manhattan is under his supervision.

CERAMIC ENGINEERING

F. G. MacDougal, '11, has recently been appointed Vice President in charge of spark plug development at Flint, Mich.

Harry E. Ebright, '22, is a contributor to a new textbook on enameling of metals, which is published by the Ferro-Enamel Supply Co. of Cleveland.

James R. Crandell, '27, has accepted a position with the D. E. McNichol Pottery of Clarksburg, West Virginia.

L. B. Nordholt, '27, is now with the Frigidaire Co. at Dayton.

John H. Grady, '27, is now connected with the St. Louis Terra Cotta Co.

Wm. McKinney, '27, has accepted a position with the Standard Sanitary Manufacturing Co. of Tiffin, Ohio.

Herbert M. Walker, '27, is now with the Bailey-Walker Co. at Bedford, Ohio.

George A. Wills, '27, is now employed by the Ohio Fuel Gas Co., Columbus.

Wm. E. Senn was fatally wounded on December 11, while hunting near Attica.

MINING ENGINEERING

J. H. O'Connor, '23, is now Engineer in Charge of Railway Administration for the Minister of Public Works, the Imperial Government of Persia.

Donald Morgan, '26, visited us recently. He is the Assistant Sales Manager of the Virginia Fuel Company, with headquarters at Cincinnati.

CIVIL ENGINEERING

W. H. Harrison, '85, now lives at 36 West Starr Avenue, Columbus.

B. L. Bridgeman, '04, is in the engineering service of the Missouri Pacific Railroad, with headquarters at St. Louis.

Fred B. Nelson, '04, may be addressed at 950 Woodycrest Avenue, New York.

Kenneth B. Ward, '05, is now located at 30 North LaSalle Street, Chicago.

Ben C. Gerwick, '06, is a general contractor on heavy construction work, located at Berkeley, California.

R. F. MacDowell, '09, is a consulting civil and sanitary engineer, with offices in the Chester-Twelfth Building Cleveland.

J. B. Shklar, '11, may be addressed at 1630 Fuller Street N. W., Washington, D. C.

W. B. Putnam, '12, announces the organization of the Putnam Construction Company, 1010 Vermont Street, Washington, D. C.

Charles Herrick, '12, is City Planner for Piqua, Ohio.

D. W. Converse, '13, is with the A. C. & Y. Railroad at Akron, Ohio.

W. H. Knox, '14, is Assistant Engineer for the State Department of Health, Columbus, Ohio.

H. S. Bear, '14, announces the birth of a daughter, May 11, 1927.

Fred E. Swineford, '15, was made Service Director of the city of Akron, effective January 1, 1928. He was formerly Chief Engineer, Bureau of Maintenance, State Highway Department.

John M. Heffelfinger, '15, is in the engineering service of the city of Cleveland.

Gabriel Weber, '16, is now located at Navarro 3205, Buenos Aires, Republica Argentina.

Joe Summers, '17, is now in Trafford, Pa.

L. L. Markel, '18, is with the Chicago Car Roofing Co., Warren, Ohio.

C. Alfred Campbell, '20, is Sales Development Manager for the Stutz Motor Car Company, Indianapolis.

VENUS PENCILS

*The Largest Selling Quality Pencils
in the World*

The Lead is absolutely free from grit or even the slightest coarseness; remarkably smooth and long-lasting.

Each of the 17 degrees are uniform with every pencil of that degree—always.

The wood is specially selected cedar, of the best quality obtainable.

Their perfection makes them economical as they can be used down to the last inch.

The distinctive watermark finish avoids substitution—known and recognized throughout the world.

**UNIQUE THIN LEAD
COLORED PENCILS**

Make fine lines for figuring, checking, sketching, blueprints, etc.

Blue	Purple	Pink
