Alumni News

Develops Radium Mine

More than a quarter of a million dollars worth of radium have been removed from the Great Bear Lake deposits by the Eldora Company of which Shirley Cragg, '13, is an active member. The ore was transported 800 miles by waterway and 600 miles by air, the only means of transportation to and from the district. Cragg is expected to visit the University upon his return from the workings this fall. In a recent letter he reported the development of a large silver vein that carries ore worth in excess of a thousand dollars a ton.

Gold Miner Married

Mr. Lawrence T. Postle, '29, and his bride of a few weeks, spent several days in Columbus visiting the University and friends before proceeding to eastern Canada, where they spent their honeymoon. Postle is foreman of the Lakeshore Gold Mine at Curtman, Ontario. The Lakeshore organization is the largest gold producing mine in North America.

Mr. Bertram O. Jochen, M.E., '21, is treasurer and underwriting manager of the national security Fire Insurance Company, located at Omaha, Nebraska. His home address in that city is 314 S. 19th Street.

Mr. John Metzler, Ch.E., '32, is employed as an engineer in the refinery of the Sun Oil Company at Toledo, Ohio. While at the University he was Business Manager of the Men's Glee Club and a member of Pi Kappa Alpha fraternity. He lives with his parents at Willys Parkway, Toledo.

T. H. Metzler, E.E., '26, is working for Westinghouse, supervising "Talkie" installations in Algiers, Algeria.

Mr. C. A. Stickel, B.M.E., 1927, is in the Patent Department of the Frigidaire Corporation at Dayton, and is living at 83 George Street of that city.

Mr. B. J. Waters, M.E., 1914, writes that he has for the past four years been Assistant to the President, and General Manager of the Mersey Paper Co., Ltd., at Liverpool, Nova Scotia. This was the first paper company to be established in Nova Scotia. He is largely responsible for the construction and operation of the new mill which is situated advantageously on a year-round seaport.

Jessie R. Lovejoy, 1886, was reelected an honorary vice-president of the General Electric Company, Schenectady, N. Y., at its last annual election of officers.

Mr. L. J. Rautio, '31, who visited the University during his recent vacation, is employed by the American Rolling Mills Company at Ashland.

Superintendent

Harry L. Hope, M.E., E.E., '05, is superintendent of equipment engineering in the Westinghouse Company, in Chicago, Illinois. Before going with that company he served as general building and equipment engineer for the Southwestern Bell Telephone Company. He is a member of Alpha Tau Omega fraternity, the American Institute of Electrical Engineers, and is alumni representative for the Western Electric Company.

He and Mrs. Hope and their two children, live at 203 S. Eighth Avenue, La Grange, Illinois.

Representative Returns to America

Mr. Harry Swartz, '21, European representative for the American Rolling Mills spent the summer in this country. During his visit on the campus he conferred with Professor Demorest on matters of business. He resides in London with his wife.

Gerald Dooning, '31, also employed by the American Rolling Mills organization, recently announced his marriage.

Mr. B. Parker Hess, '30, announced, in a card to the department, the birth of a daughter on September third. Hess is a member of the sales force of the Western Electric Company and is located in Wilkensburg, Pennsylvania.

Mr. P. R. VanAtta, '32, announces the birth of a son on September eleventh. The VanAttas reside in Columbus.

Mr. Mark L. Allen, C.E., '31, may be addressed care of the United States Engineer's Office, Marietta, Ohio. Mr. Allen is a former editor of the Ohio State Engineer. At present he is employed by the government in river improvement work.

Arthur A. Schueneman, E.E., '30, is plant engineer at the new Cleveland wire works plant of the General Electric Company, in the incandescent lamp department. He may be addressed at 4123 Clark Avenue, Cleveland.

Kenath A. Kettle, C.E., '30 is field engineer for the construction division of the Carbide and Carbon Chemical Corporation, at Charleston, West Virginia. He may be addressed there at 2112 Kanawha Street.

Richard A. Bell, E.E., '30, is a radio engineer at the Philco Company, Philadelphia, Pennsylvania. He is a former member of the Ohio State Radio Club. He may be addressed at 14 W. Franklin Avenue, Collingswood, N. J.

Donald E. Harper, Min. E., '26, is manager of hose design for the Goodyear Tire and Rubber Company, in Akron, Ohio, and may be addressed there at 795 W. Market Street.
