

Editor's Note: The Articles contained within this Colloquium may be controversial. Although the editors of the *Ohio State Law Journal* may not agree with all of the arguments contained within this issue, we do feel that, for true debate to occur, a forum should be provided where opposing viewpoints can be expressed side-by-side. Only by reading and analyzing those points of view that do not coincide with our own will we generate thoughtful debate, achieve greater clarity, and challenge our own reasons for holding certain positions.
