# Chit-Chat

Ed. Duglaga, Ch.E.IV

*Note: Any contributions offered to this column will be appreciated.*

Believe it or not, this is the second publication of this column but now only half as many are behind it as previously for our hard working friend Mr. Roy Wildermuth (Ch.E.IV) has resigned because of too, too, too much school work.

## Did You Know That—

He climbs highest who helps another up?

Love comes as often as a girl changes her mind?

Minds are like parachutes—they function only when they are open?

Some girls should keep their hair light and their age dark?

## You Tell 'Em!

Man criticizes woman for her extravagance, but she never wastes two dollars' worth of shotgun shells to get a twenty-five cent rabbit.

## Sports

A roll of thunder is heard followed by a loud crash, and **strike!** That's right, the bowling season is here and the engineers are in the thick of it. Last year's engineering champion was the Agricultural Engineers No. 2 team, while the runner-up team was Mining-Metallurgy No. 1. Who will be the engineering champion this year? Will it be your department? No one knows as yet but so far the Ceramic II team is leading with two victories and no losses.
