David Arias et al., CONSTRUCTION ARBITRATION AND ALTERNATIVE DISPUTE RESOLUTION: THEORY AND PRACTICE AROUND THE WORLD (Renato Nazzini ed., 2022).

This book is a collection of works centered on key dispute resolution themes anticipated in the first half of the 21st century. It is an expansion on the topics and presentations given at the Centre of Construction Law and Dispute Resolution at King's College London during a conference in June 2019.
