NOTES OF INTEREST

Dental Hygiene Fund-raiser results: Dental Hygienists held a raffle several weeks ago. The grand prize winners were: Jeff and Wanda Miller of Napoleon, Ohio. The Miller's received \$100 in cash.

Student Book Exchange: What is it? The Student Senate is sponsoring this book co-op program. Students may submit books to the program between Monday and Wednesday. The books will be available for sale from Wednesday afternoon until Friday. The person submitting the books sets the price (which is usually very reasonable). So, if you have books which you want to sell or if you need some texts for next quarter, visit the Book Exchange in GA Lobby. There is no guarantee that the books will be sold, but it is another alternative to putting notes on the bulletin board or selling them to the Bookstore.

Health Technologies Days: Columbus Hospitals will be on campus March 14 (Ohio State University, Grant, Riverside, Childrens, and St. Anthony). V.A. Hospital from Dayton will not be on campus, but literature and applications

are available at the Placement Center.

OSU Students: In April, the Lima Campus OSU students will vote for next year's president, vice-president, etc for Main Campus' Undergraduate Student Government (USG) in Columbus. Students also vote for a Lima Campus OSU student to represent us in Columbus. This person is usually someone who will be a student at Main Campus next year. See Carole Enneking if you are interested in running for this position.

Attention LTC Graduating Students: The LTC Placement is preparing for another busy recruiting season. In order to be eligible for interviews, however, students must prepare a credential file. Assistance in this can be found in GA 205.

Between April 16 and May 7, numerous organizations will be on campus interviewing LTC Spring graduates in the business and engineering technologies. Sign-up for these interviews must be completed this week (March 12-23). The companies which will be included in the program are posted around campus. See Bob Burnett in the Placement Center for details.

Couples Relay Race Results: Last Tuesday at noon, twenty daring souls ran a one-mile course to compete in the Lima Campus Couples Relay Race. The men ran the first mile and then handed off a tongue-depresser to the women who finished the race with a one mile run. The results were as follows:

1.	Leon Bunley Cathy Hunter	6:01 7:47	13:48
2.	Bill Saltarelli Judy Von Blon	6:15 8:15	14:30
3.	Jim Neu Christine Roth	6:40 8:15	14:55
