Editorial Policy:

General:

THE OHIO JOURNAL OF SCIENCE considers original contributions from members and non-members of the Academy in all fields of science. While special consideration will be given to manuscripts concerned with Ohio subject matter, other reports with scientific merit will be reviewed for publication. Submission of a manuscript is understood to mean that the work is original and unpublished, and is not being considered for publication elsewhere. All manuscripts considered for publication will be peer-reviewed. The opinions expressed by reviewers are their own, and do not represent the views of the Ohio Academy of Science or *THE OHIO JOURNAL OF SCIENCE*. Manuscripts and illustrations should be prepared in **triplicate** in accordance with current guidelines published in *THE JOURNAL* at least once a year, and submitted to:

Dr. Lee A. Meserve, Editor
THE OHIO JOURNAL OF SCIENCE
Department of Biological Sciences
Bowling Green State University
Bowling Green, OH 43403-0212

Page Charges:

Publication of *THE OHIO JOURNAL OF SCIENCE* requires that authors assist in meeting publication expenses. These costs will be assessed at \$70 per page for members of the Academy and \$105 per page for non-members. In multi-authored papers, **each author must be a member of the Academy** at the time of publication to be eligible for the reduced member rate. Papers which exceed 12 printed pages may be charged full production costs. A bill for page charges will be sent to the communicating author by the Ohio Academy of Science at the time of publication.

Failure to Receive *THE JOURNAL*:

Any claim of failure to receive subscription issues of *THE JOURNAL* must be submitted to the Ohio Academy of Science within six months of date of issue of the missing number, to be recognized.

Listing Services:

THE OHIO JOURNAL OF SCIENCE is listed or abstracted in several sources including:

Bibliography of Agriculture
Biological Abstracts
Chemical Abstracts
Current Advances in Ecological Sciences
Current Contents (Agriculture, Biology & Environmental Sciences)
Deep Sea Research and Oceanography Abstracts
Environment Abstracts
Environmental Information Center
Forest Products Abstracts
Forestry Abstracts
Geo Abstracts
GEOBASE
Geology Abstracts
GeoRef
Helminthological Abstracts
Horticulture Abstracts
Nuclear Science Abstracts
Review of Plant Pathology
Selected Water Resources Abstracts
World Agricultural Economics and Rural Sociology Abstracts

INSTRUCTIONS TO AUTHORS — inside back cover

COVER PHOTO: Ms. Natalie M. Richey displays her superior rated project at State Science Day, Saturday, 22 April 1995, at Ohio Wesleyan University, Delaware. Now an 8th grader at Springfield Christian School, Springfield, OH, Natalie got the idea for her project on the effects of additives on the strength of concrete from her father's contracting industry magazines and from visiting EPCOT in Florida. See related article on science days by Michael Grote (pp. 274-277). Photo by Lynn E. Elfner, The Ohio Academy of Science.
