# NEWS FROM OUR ALUMNI

## Mechanical Engineering

Roderick Frankenberg, B.M.E. 1934, M.Sc. 1935, is with the Westinghouse Company and lives at 400 Hampton Ave., Wilkinsburg, Pa.

Jan Dunsford, B.M.E. 1935, is doing industrial engineering work at Jones and Laughlin Steel Company, Pittsburgh, Pa.

Richard Kymer, B.M.E. 1935, is a Graduate Stipend Scholar at Pennsylvania State College.

John Purdy, B.M.E. 1935, is working for Wierton Steel Company. His address is Box 532, Holliday's Cove, West Virginia.

Norman Ohler, B.M.E. 1935, is with the Surface Combustion Company, Toledo, Ohio.

Robert Todd, M.Sc. 1935, is connected with the Ren Products and Manufacturing Company, Detroit.

Fred Brown, B.M.E. 1928, M.Sc. 1935, lives at 11 Lefavour St., Beverly, Mass.

S. M. Marco, B.M.E. 1930, M.Sc. 1932, is an instructor in the Mechanical Engineering Department. He and his wife and daughter are living at 1446 E. Blake Avenue.

## Ceramic Engineering

The graduates in the Ceramic Engineering Department represent a cosmopolitan group, in the acquirement of positions over the country. From the class of 1935:

Derrer, Chas. F., Jr., Wheeling Tile Co., Wheeling, W. Va.

Child, Jas. L.—Hancock Brick & Tile Co., Findlay, Ohio.

Hite, Everett G.—Timken Steel & Tube Co., Canton, Ohio.

Limes, Robt. W.—Mellon Institute, Pittsburgh, Pa.

Reed, Harold N.—Tyler Sales-Fixture Co., Cleveland, Ohio.

Lannan, John L.—Youngstown Pressed Steel Co., Warren, Ohio.

The following alumni have accepted positions since May 31, 1935:

Longenecker, H. L. ('11)—Cherokee Brick Co., Macon, Ga.

Larkin, Paul G. ('15)—Garden City Pottery Co., San Jose, California.

Knechler, A. H. ('24)—Sterling Grinding Wheel Co., Tiffin, Ohio.

Butterworth, W. N. ('28)—General Refractories Co., Buffalo, New York.

Kates, Paul G. ('28)—Ferro Enamel Corporation, Cleveland, Ohio.

Eggleston, Myron M. ('29)—Franklin Tile Co., Lansdale, Pa.

Czolgos, Edmund P. ('29)—Century Vitreous Enamel Co., Chicago, Ill.

Lane, Richard O. ('30)—Graduate School, Massachusetts Institute of Technology, Cambridge, Mass.

Drake, Arthur D. ('30)—New Castle Hot Top Co., New Castle, Pa.

Moser, John L. ('30)—Simonds-Worden-White Co., Dayton, Ohio.

Moss, Joseph W. ('33)—Indiana State Highway, Greenfield, Ind.

Knoblauch, Walter C. ('34)—Basic Dolomite Inc., Tiffin, Ohio.

## Civil Engineering

1935

John R. Beebe has been appointed assistant instructor in the Department of Civil Engineering to succeed S. T. Carpenter of the class of '30, who has gone to Swarthmore College to teach the upper classes in civil engineering.

John E. Chubb after working out of the Columbus office of the Pennsylvania Lines has been transferred, at an increase of salary, to the Philadelphia office.

R. S. Deetz has gone with the State Highway Commission at Coshocton, Ohio.

W. R. Garner is on the engineering corps of the Pennsylvania Railroad working out of the Philadelphia office.

F. A. Kremser is stock engineer and estimator for the Ben Tom Supply Company in Columbus, Ohio.

Arthur Laird is on engineering work of the Mississippi River Commission at Natchez, Miss.

John W. Lambert is an engineer for the Soil Erosion Camp near Wooster, Ohio.

M. E. Miller is an engineer for the Truscon Steel Company and stationed at the Columbus office.

J. W. Moore is on the engineering staff of the Corning Glass Company at Corning, N. Y., and reports interesting work.

H. E. Moss is on the engineering staff of the Federal Relief Commission at the Columbus office.

1934

F. S. Baum is engineer on the Soil Erosion Work for the U. S. Department of Agriculture at Camp at Delaware, Ohio.

R. C. Culler is on the engineering corps in charge of the construction of the Charles Mill Dam of the Muskingum Conservancy District.

M. O. Jensen is with the T. V. A. Engineering Corps working out of Knoxville, Tenn.

Tahlman Krumm is with Burgess and Niple, Consulting Engineers, Columbus, Ohio.

B. A. Myers is one of the engineers on the Salt Creek Basin Erosion Control work with headquarters at Zanesville. This stream has been selected by the Federal Government for complete study from all angles of soil erosion and control.

L. W. Probasco is with the T.V.A. on highway relocation in reservoir sites.

J. A. Thomas is in the designing engineer office of the Jaeger Concrete Machine Co., Columbus, Ohio.

Jos. White is with the T.V.A. Engineering Corps with headquarters at Knoxville, Tenn.

J. W. Wiseman is in the Estimating Department of Burgess and Niple, Consulting Engineers, Columbus, O.

## Architecture

Graduates of the Department of Architecture have had considerable success during the last few months in national architectural competitions.

In the General Electric House competition, C. N. Barber, B. Arch. 1929, served as the engineer for the prize winning competition of prize drawings of Hayes and Simpson, architects in Cleveland.

In the iron fireman competition, the drawings of Franklin G. Scott, B. Arch. E. 1926, Morgan Yost, B. Arch. 1931, and Earl Cleand, B. Arch. 1933, were selected from some hundreds for publication in Pencil Points during the summer. Cleand's submission received one of the honor awards.
