JAPANESE TOWER, CHATEAU DE LOEKEN
BRUSSELS, BELGIUM

Equipped with Otis Elevators

THIS is part of the summer home of Leopold the Second, late King of the Belgians. It stands in the Royal Parc of the Chateau de Loeken, suburb of Brussels.

In the homes and palaces of kings; in the public buildings that peasants use; in the gigantic temples of commerce; in countries of eternal sunshine or those where nights are months long—everywhere the Otis organization stretches out its hand to provide vertical transportation.

A circle embracing Otis activities would circumscribe the earth, for world service is the aim of Otis.
