QUADRANGLE JESTERS

Jack Zimmerman, president, and the Jesters are getting the ball rolling on the annual play to be presented this spring, May 11. This will climax the Engineers' Day program and will be presented in the Chapel that Saturday night.

The cast will consist of strictly engineering students and Wilson R. Dumble, English Department, is to be the director. Those who have witnessed past Quadrangle Jester plays and especially those knowing Professor Dumble now rest assured that this play will be humorous, lively, and a sure-fire success. All men interested in the organization are urged to watch for notices of meetings and this includes Freshmen as well as upper classmen.

And then there was the fellow that thought that a neckerchief was the head of a sorority house.
