Engineers Help Celebrate Ohio State Day

Cut courtesy Alumni Monthly
Dr. James R. Withrow

Engineers were prominent in the observance of the 22nd annual Ohio State Day, December 28, 1932. Throughout the state, alumni of the College of Engineering were found to be active in the organization and administration of the various Alumni Associations. Dean Turnbull, Prof. Withrow, and Prof. Nold served as campus emissaries to certain individual Associations, and brought to them a message from the University.

A joint meeting of the Lake and Geauga Counties Association was addressed by William D. Turnbull, Civ.E., '08, Junior Dean of the College of Engineering.

Professor James R. Withrow, Chairman of the Department of Chemical Engineering, addressed the Marion Alumni Association on behalf of the University. He deplored the need of curtailing at the University, this year, courses that it took twenty years to build to their present high standards.

The Tuscarawas County Alumni were entertained with an address given by Professor H. E. Nold, Chairman of the Department of Mine Engineering.

Willard Wood, Mech.E., '04, presided at a meeting of the Guernsey County Alumni at Cambridge.

Henry A. Cowgill, E.E., '08, gave a very interesting and enlightening talk for the Ottawa County Association which met at Port Clinton.

Ohio Engineering Society

At the fifty-fourth annual meeting of the Ohio Engineering Society, February 7, 8, 9, 1933, the program was chiefly supplied by Ohio Staters, graduates, or former students of the Civil Engineering Department. L. T. Fawcett, '08, President of the Organization, presided. Others prominent at the meeting were Hon. O. W. Merrell, '22, Director of Highways of Ohio; Geo. F. Schlesinger, '07, Managing Director National Paving Brick Mfgs. Association; E. D. Barstow, '12, Summit County, Sanitary Engineer; J. R. Burkey, '08, Chief Engineer of Bridges,

State Highway Department; Fred E. Swineford, '15, Chief Engineer, Ohio Crushed Stone Ass'n; Ed. D. Haseltine, w'82, Consulting Engineer, Youngstown; T. S. Brindle, '06, Director Public Works of Ohio; Curtis C. Lattimer; Robert N. Waid; and E. A. Lawrence.

Two Ohio State Electrical Engineers are among the Associate Editors of a new Radio Engineering Handbook just published by the McGraw-Hill Book Co., of New York City. E. L. Hall, '18, who is associated with the Radio section of the Bureau of Standards, is the author of the section on "Capacity" and Kenneth W. Jarvis, '23, Director of Engineering of the Zenith Radio Corp., wrote the section on "Detection and Modulation."

Mr. Charles P. Cooper, M.E., E.E., '07, head of the American Telephone and Telegraph Company, is located in New York City, and gives his business there as 195 Broadway.

1911
