

INDEX TO VOLUME 58

- Acoustical behavior, 17-year cicadas, 107.
 African ancestry, of American Whites, 155.
 Agee, Robert, 245.
 Alexander, Richard D., 107.
 Algae, from Ohio River drainage, 375.
 Allen, Pongsun Choi, 39.
 Altmann, Stuart A., 273.
 Amine products, high molecular weight, impurities in, 34.
 Amines, toxicity of, for Duckweed, 354.
 Ancestry, African, of American white population, 155.
 Annual Report, Ohio Academy of Science, 250.
 Anthocyanin pigments of buckwheat hypocotyls, 187.
 Anthonominae, notes on, 366.
 9-Anthracylboron compounds, preparation of, 141.
 Antibiotics (penicillin), effects of dietary, on cockroach, 84.
 Antiscience, 261.
 Bacteria, parasitic on plants, 145.
 Balduf, W. V., 7.
 Bats, brown, comparative study of flying and swimming in, 245.
 Bisulfite action on white mold, 20.
 Buckwheat hypocotyls, anthocyanin pigments of, 187.
Buprestis parmaculiventris n. sp., 154.
 Burns, George W., 220.
 Cattle hair, chemical composition of, 150.
 Cellular differentiation, some causes of, 347.
 Cerambycidae, new species, from Texas, 282.
Chrysobothris biramosa calida n. subsp., 96.
 Cockroach, German, effects of dietary penicillin on, 84.
 Coffey, George N., 43.
 Cox, George W., 189.
 Craft, Thomas J., 245.
 Crites, John L., 128, 343.
 Day, Jesse H., 140.
 DeMarinis, F., 20.
 Dexter, Ralph W., 1.
 Dextran fractions, 177.
Dicerca juncea n. sp., 153.
Diplocardia egglestoni n. sp., 270.
Dirofilaria scapiceps, from the rabbit, 128.
 Dodson, Vance H., 141.
 Dragonflies, NW Ohio, notes on, 50.
 Drainage, glacial, changes in Ohio, 43.
 Dreimanis, A., 65.
 Duckweed, toxicity of amines for, 354.
 Earthworm, new, from Michigan, 270.
 Edmondson, Marian I., 245.
 Ellett, C. W., 145.
 Estel, Leo, 235.
 Eyster, Clyde, 25.
 Fechheimer, N. S., 133, 150.
 Fisher, T. Richard, 97.
 Fisher, William E., 141.
 Fisk, Frank W., 299.
 Franklin, Beryl C., 163.
 Fromm, Fritz, 161, 354.
 Gardner, E., 177.
 Gaufin, Arden R., 197.
 Geologists, biographies of, 285.
 Geology, of Nelson Ledges State Park, 182. of Rock Mill, 171.
 Gilbert, G. E., 371.
 Gilmore, L. O., 150.
 Glacial drainage changes, Ohio, 43.
 Goldthwait, Richard P., 209.
 Hall, Gustav W., 15, 357.
 Hamdy, M. K., 177.
Helioopsis helianthoides, variation in, 97.
 Hepatic flora, Athens (Ohio) area, notes on, 15.
 Hirsch, Allen, 375.
 Indians, Mosca (Chibcha), 235.
 Inheritance, black hair patterns, cattle, 133.
 Japanese women, changes in status of, 39.
 Knoll, Josef N., 96, 152, 282.
 Kraatz, Walter C., 261.
 Laird, R., 133.
 Lake Erie, Wisconsin stratigraphy at, 65.
 Liles, James N., 84.
 Mad River, effects of pollution on, 197.
Melitia lata n. sp., 282.
 Meyer-Arendt, Jurgen R., 283.
 Microelements, nutrition of *Nostoc muscorum*, 25.
 Miller, William E., 231, 273.
 Mink, reproduction in, effects of progesterone on, 163.
 Mold, from ailing grass silage, bisulfite action on, 20.
 Moore, Thomas E., 107.
 Multiple alleles, inheritance of hair patterns in cattle, 133.
 Murchie, W. R., 270.
 Muscle fibers, light diffraction by, 283.
 Myers, R. Thomas, 34.
 Nematode, egg envelope, chemistry of, 343.
 Nett, Emily M., 317.
 Norvell, John, 311.
Nostoc muscorum, microelement nutrition of, 25.
 Ohio Academy of Science, Annual Report, 250.
 Oswald, Vernon H., 325.
 Overton, Louise F., 133.

- Palmer, C. Mervin, 375.
 Parasites, bacteria, of plants, 145.
 filarial, of rabbit, 128.
 helminth, of short-tailed shrew, 325.
 Pasiut, Lad A., 20.
 Patterson, Robert A., 299.
Petrova wenzeli, 273.
 Pettit, Lincoln, 182.
 Phinney, George J., 128.
 Pine midges, ecological notes on, 231.
 Pitch-nodule moth, Virginia, ecological observations on, 273.
 Pollen and spores, atmospheric studies of, 371.
 Pollution, effects of, on a midwestern stream, 197.
 Popham, Richard A., 347.
 Price, Homer F., 50.
 Progesterone effects on mink reproduction, 163.
 Protease, trypsinlike, from adult stable fly, 299.
Psapharochrus quadrigibbus lucidus n. subsp. 282.
 Pseudoscience, 261.
 Psychology, of attitudes toward M.D.'s, 317.
- Rabbit parasites, filarial, 128.
 Redside dace, Pennsylvania, food, growth of, 311.
Retinodiplosis inopsis, ecological notes on, 231.
 resinicola, ecological notes on, 231.
Rhagoletis basiola, the puparium of, 7.
 Rose hip fly, puparia, variation in length and form, 7.
- Schwartz, Frank J., 311.
 Science and society, the crisis between, 1
- Seventeen-year cicadas, acoustical behavior of, 107.
 Sexual dimorphism, redbottom dace, 311.
 Sleeper, Elbert L., 366.
 Stable fly, adult, trypsinlike protease from, 299.
 Stahly, G. L., 177.
 Steric requirements of 9-anthracyl group, 141.
 Stout, Wilber, 171.
 Stratigraphy, Wisconsin, N. shore of Lake Erie, 65.
 Stuckert, Robert P., 155.
 Surface tension, capillary, method for determination of, 140.
- Talley, Lawrence H., 140.
 Toad fat, some constants of, 161.
 Topography, alterations due to weathering, 182.
 Troyer, James R., 187.
- Van Winkle, Q., 177.
 Variation, in *Heliopsis*, 97.
 Vascular flora, in experimental forest, 357.
 Villmow, Jack R., 335.
- Washburn, R. G., 150.
 Weather maps, illustrations of weather types, 335.
 Weathering effects, at Nelson Ledges State Park, 182.
 Wells, John W., 285.
 White, George W., 285.
 Williams, N. N., 371.
 Wintering bird populations, open field types, in central Ohio, 189.
 Wisconsin age forests, western Ohio, age and glacial events, 209.
 vegetation and burial conditions, 220.
